A Message from Team Tex

We started our first factory in 1987, and are now a global zipper manufacturer with offices in all key apparel hubs, and factories in Bangladesh, Vietnam and India. Our zippers and buttons are used by top design-forward European & American brands. Tex supplies fasteners to apparel manufacturers across Vietnam, Bangladesh, India, Kenya, Ethiopia, Indonesia, Madagascar, Sri Lanka, Pakistan, Singapore, Spain, Greece, UK, Belgium, Germany, Egypt, Netherlands, UAE, Hong Kong SAR and many other countries.

Tex Fasteners is an ISO 9001:2015 certified global manufacturer focussed on quality & delivery. We do not outsource, and setup our own factories to ensure quality as well as traceability of supply-chain, which makes it easy for us to comply with regulations like CPSIA, REACH and also watch for Conflict Minerals. We believe that owning the supply-chain and controlling procurement centrally through approved suppliers is the only way to fully comply with these regulations in both letter and spirit. All our facilities are compliant with OEKOTEX.

The essence of Tex lies in being design led, speed driven and quality focused. These are the 3 pillars our business is built upon. The three panels of our logo represent these values. Our growing success is a true reflection of Tex's commitment to provide products of the highest quality at an unparalleled level of customer service.

Let's work together - you'll be delighted.

WHO WE ARE

Tex Fasteners is a leading global manufacturer of zippers, sliders, pullers & metal buttons

The essence of how we conduct our business is built on the 3 pillars - Design, Speed & Quality.

We are passionate about design and innovation, are driven by speed and work tirelessly to ensure quality & excellence in everything we do.

We have over 3 decades of industry experience, 8 worldwide offices and 4 state-of-the-art manufacturing facilities

21 Countries
served through our products

4 Global Factories
in India, Vietnam, Bangladesh

1300 People
employed worldwide across Tex

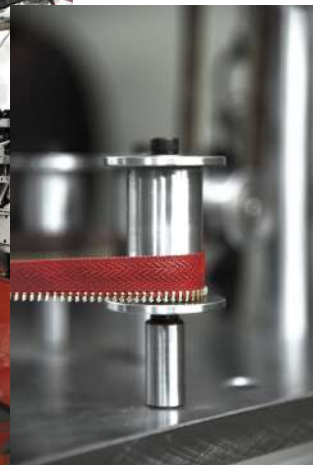

550 Million Meters
of zipper chains manufactured so far

5500 Customers
served across the globe, in over three decades

Tex Fasteners manufacturing is based on a hub-and-spoke model. Tex was amongst the first apparel trim companies to implement lean manufacturing in all its processes. Our centralized TQM department manages quality across all units. We have setup a three stage global testing system, with a mix of in-house and third party laboratory testing.

Manufacturing & Production

INDIA

VIETNAM

BANGLADESH

Tex has three fully owned zipper factories in Gurgaon (India) , Dhaka (Bangladesh) & Ho Chi Minh City (Vietnam) and a button factory in Bangladesh.

TEX INDIA

Tex India was established in 1987, and makes the entire range of zippers. Tex’s global Integrated Design Center and global R&D center is also housed in Tex’s India factory.

TEX BANGLADESH

Tex Zippers Bangladesh was established in 2010. The factory is a state-of-the-art manufacturing unit with fully-automatic machines, which results in lower variability in quality and higher predictability of output.

TEX METAL TRIMS BANGLADESH

Tex Buttons, established in March 2015 offers 50+ finishes in buttons and metal trims. The factory has in-house mould making, electroplating and and sampling capability.

TEX VIETNAM

Tex Vietnam was established in 2015. It is our fourth fully owned manufacturing unit. This plant is configured to serve zipper demand in Vietnam as well as Cambodia, Laos and Asian countries.

Our Factories

- 
- 1987** Tex begins its journey with start of one manufacturing facility at Gurgaon, India
 - 1995** Exports to Spain, Greece, Singapore, UK, Italy and Belgium started
 - 1998** Technical & Financial Collaboration with Albert Zips, Belgium
 - 2000** Started production of metal zippers and invisible knitted zippers
 - 2002** Co-founded IIMpact, an inspiring initiative to educate girl child from socially
 - 2003** Launched Plastic Moulded zippers Plastic-3 and Plastic-5
 - 2008** Invested in renewable energy and took ownership of windmills in parts of India where there is an abundance of wind energy
 - 2009** Started manufacturing Fire Retardant Zippers
 - 2010** Overseas manufacturing starts at Bangladesh
 - 2013** Tex launches new range of super premium zippers for the luxury segment called t+
 - 2014** Global design and development team set up in Tex Gurgaon
Tex Bangladesh starts its first Button factory
 - 2015** New Vietnam manufacturing facility starts production
 - 2016** Launched a new range of DN+ zippers for denims and bottoms
 - 2017** Tex rebrands itself to reflect its three success pillars - design, quality & speed

This inspiring initiative that is spearheaded by the management of Tex Corp, through which 60,000 girls in 1,000 poorest villages in 11 states of India are getting free primary education. You can join and help us reach our goal of 90,000 girls in 1,500 villages.

Social Responsibility

Tex is a socially conscious manufacturer of zippers. Our products are compliant with international laws and regulations concerning safety, environmental and social issues. Tex ensures that it manufactures in the interest of the society & works closely with its community.

Environment Sustainability

Whether its our Gurgaon factory's pioneering rainwater harvesting system or the windmills that we own in West India, everything that we do is about taking responsibility for our own footprint. In fact, we hope to leave our environment cleaner than we found it.
