Introduction

- Established in 2004 as a global exporter of womens' and kids apparel and accessories (including knitted, woven and denim garments)
- Facilities located in North India (Delhi/NCR) spanning 30,000 sq ft with production capabilities of 50k units monthly (*QMS and C&C certified*)
- *Full service clothing manufacturing unit*

About us

A few good people with excellent know-how. We love helping established & emerging clothing brands to turn their dream design into reality at a competitive price.

The journey to becoming India's top-rated clothing manufacturer and exporter began in 2004 when our founder left his family garment export business after 22 years to start his own company. There was no looking back for this entrepreneur. Under his supervision and management, the company has grown exponentially and does yearly export of more than \$10 million. His pillars of strength being a personalized approach to management along with ethical business practices ensure his company is a preferred vendor.

Why Us

Sustainable Garment Production

- Organic fabric options available in a range of colors and finishes
 - Ethical manufacturing processes
 - Recycling water plant (ETP) in efforts to reduce our carbon footprint
 - Increased use of PNG (environmentally friendly) over other traditional sources of fossil fuels
 - Registered BCI member

Quick Timely Turnaround

- Samples & approvals impact the delivery timelines. Our in-house merchandising team prioritises this process so our orders are well planned and delivered in the time promised.

Flexible Order Quantities

- We cater to a range of brands so we're equipped to welcome almost any volume and any type of clothing manufacturing requirements of our clients. Our manufacturing ability is very wide and versatile.
- In order to support & promote sustainability in the clothing industry, we offer a unique solution for emerging clothing labels by accepting **small batch (Low MOQ)** order quantities backed with a variety of services to help them grow

Proven Track Record

- Catering to custom clothing needs for both big and small scale brands under one roof since 18+ years while ensuring excellent quality standards.
- We have many satisfied customers of all kinds across the world - Free people, Chicos, Aspiga, Debenhams, Wyes London and many more

Our compliances

- Certified by all mandated government compliance requirements - local and national labor laws, ethical business practices, and Indian factory laws
- In addition to this, our Global compliance accreditations are listed here. These are reviewed and updated periodically.

Surface Techniques & Value Addition

- We are specialists in value-added and embellished garments including beading, all kinds of hand embroideries, machine, and computer embroidery to name a few
- Our expertise also includes various surface techniques such as dyeing, over-dyeing, denim washes, patchwork, cutwork, smocking, and more

Employee Care

- Subsidised daily meals in our on-site canteen
Training and developing the workforce to be multiskilled
- Providing competitive salary, pension packages and healthcare packages to our employees
- We strive to have high ethical working standards and conditions for all employees.
- Our facilities are fully compliant

Cherishing the Hand

We pride ourselves with working with the local communities to support local initiatives to keep people in work

OUR ETHICS

Achiever Apparels is known not only because of its mastery for manufacturing high-quality clothing at competitive prices but also because of its highest standard of business ethics and credentials when it comes to quality, sustainability, social responsibility, and trust.

We're operating with the aim to meet our core objectives:

- To make a positive contribution in the lives of people who're associated with us
- To be worthwhile for the society at large
- Payback to the environment whose resources we consume

Six Commandments

No Child Labour

We strictly say NO to child labour, bonded labor and other forms that exploit workers.

Promote Sustainability

We adopt sustainable business practices and are GOTS certified

Fair Trade Policy

We adopt fair pay, competitive pricing and gender quality at work and in our business.

Ethical Business Practice

We take responsibility and aim to live up to the expectations of our employees, buyers, governmental entities, and society

Communication Clarity

No false promise. No big words. No over commitments. We practice to keep everything clear and transparent.

Customer First Policy

Our existence is entirely dependent on our customers success. Hence we leave no stone unturned to make our customers win!

Our Services

Our service basket offers full package manufacturing for all types of women & kids wear. We are a new age garment unit equipped with a state-of-the-art production facility including the latest infrastructure and technology to suit the changing customer needs and trends. Our vast experience backed by a dynamic team of long-lasting skilled employees ensures we can produce complex styles in defined timelines

We do everything starting from designing, sourcing materials to delivering ready-to-sell garments to your doorstep.
