## A PIECE OF IDEA

Eco-functional fabric  
REPREVE® PROCESS

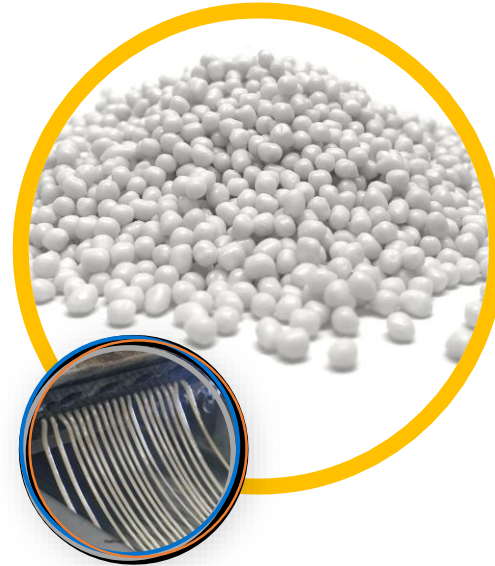

### RECYCLED BOTTLES

Post-consumer bottles are recycled

### REPREVE FLAKE

Bottles are washed and chopped into flake

### REPREVE CHIP

Bottle flake is melted and formed into chip

### REPREVE RECYCLED FIBER

Chip is melted and made into yarn

### • U Trust Verification™

- The U Trust™ verification program is a comprehensive certification program designed to provide REPREVE® customers with a higher level of transparency.

### • FiberPrint™ Technology

- FiberPrint™ technology helps customers avoid false environmental claims. This proprietary technology validates the authenticity of REPREVE® products.

### • Recycled Content

- Products made with REPREVE® recycled materials, including post-consumer plastic bottles and pre-consumer, fiber waste, are certified by third parties.
