COMPANY PROFILE

INTRODUCTION

Bintem combines creative ideas from all aspects of men's and women's clothing, ensuring the delivery of all customer needs with the highest quality standards and on time.

INTRODUCTION

Bintem believes that production quality can be a fundamental value for customer satisfaction. We aim to provide the opportunity to quickly and easily find product and service production. In line with this goal, our main principle is to understand exactly what our customers want and to offer suitable professional quality, with the awareness of being one of the leading companies in the industry.

About Bintem.

For over 15 years, we have been constantly renewing our strong infrastructure and qualified workforce with annual investments in new machinery and software, responding to our customers' demands more swiftly each day. Bintem, known for designing and producing products for many beloved men's and women's clothing brands, provides services to ready-to-wear fashion brands through its creative workshops and experienced design team

COMPANY PROFILE

BRIEFLY BINTEM,

Bintem Group was established in 2005 and, with its own equity, opened its first factory in Bingöl with a capacity of 200 people. During this period, we have produced Pants-Shorts-Shirts for Men and Women in the woven and knitted groups.

At Bintem, we believe that the production quality is a fundamental value for customer satisfaction. We aim to provide the opportunity to find product and service production quickly and easily. Understanding exactly what our customers want and offering appropriate professional quality with the awareness of being one of the leading companies in the industry is our main principle.

Our Karakoçan factory, established in 2022 according to the needs of the industry, can reach a capacity of up to 400 people and currently serves with 180 people. The Karakoçan factory was established by Bintem Group with its own equity..
