

## Post-Event Summary: TOKYO

### PANTEXTILES Exhibition | July

### 14–15, 2025 *By Universal Textile Marketing*

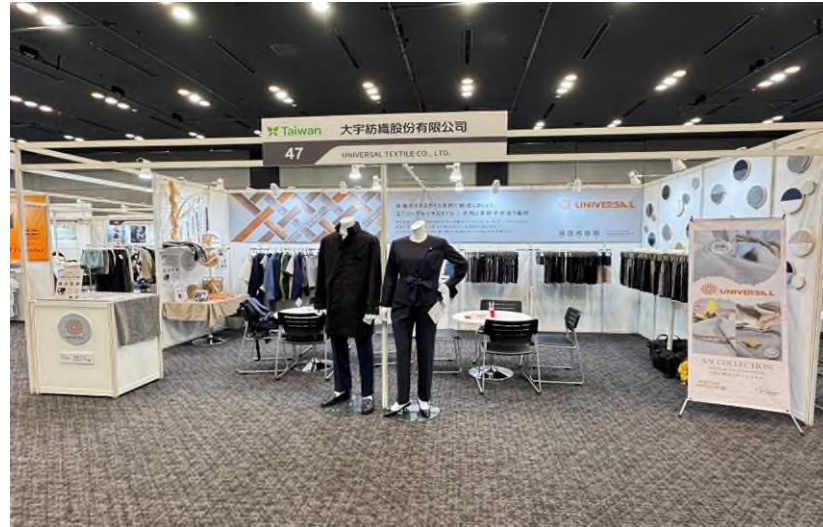

Thank You for Visiting Us at PANTEXTILES Tokyo |  
May 14–15, 2025

We extend our sincere gratitude to all visitors who took the time from their busy schedules to attend the PANTEXTILES Exhibition in Shibuya, Tokyo, and to stop by the UNIVERSAL TEXTILE TAIWAN booth.

We are deeply thankful for your interest, insightful feedback, and valuable suggestions during the event. It was a great pleasure to introduce our most inquired-about fabrics, including linen-like textures and advanced mechanical 4-way stretch materials (T400), alongside several textile developments tailored to the Japanese market.

We were especially thrilled by the positive response to our debut ESG (SDGs) initiative and the special showcase of indigenous craftsmanship — featuring Atayal tribe heritage from Nan'ao Township in Taiwan, including traditional hunter's bow weaving and ram horn hooks.

Looking ahead, we are excited to announce our next participation in PANTEXTILES Kansai, Osaka OMM this November, where we will present our latest autumn/winter collections. We also plan to expand our ESG (SDGs) exhibition and highlight Atayal ceremonial textiles for women's coming-of-

age rituals.

To our guests who traveled from afar, we offer our heartfelt thanks. Your presence and engagement were a tremendous encouragement to our team. Should you have any further inquiries regarding formalwear, uniforms, or functional plain-weave fabrics, please feel free to reach out to our Japan marketing and sales team — we welcome direct communication in Japanese.

We look forward to reconnecting with you in Osaka this fall and sincerely appreciate your continued support and guidance.

Warmest regards,

The UNIVERSAL TEXTILE TAIWAN Team
