WHO WE ARE ?

Your trusted design and sourcing partner of choice.

Francis Wacziarg is a company owned by a Franco-Indian family, well known as retailer's *ONE STOP SHOP* for sourcing textiles, apparels, soft furnishing, accessories etc.

OUR FOUNDER

For over 40 years, the Wacziarg family strives to be a bridge between the West and the East. Francis Wacziarg, born French but on a Portuguese ship on American seas, took on Indian citizenship because of his love for the country, which he visited for the first time after completing his MBA of commerce, in 1969. He sensed that this millennial civilization had a huge potential to adapt and grow. After being a commercial attaché at the French consulate in Mumbai and then heading the Banque Nationale de Paris (BNP) Delhi branch, Francis felt he had gained enough knowledge of India to launch his own consultancy, Successfully introducing brands like Lacoste, Boiron and Accor to the subcontinent.
