QUALITY

WHAT WE DO?

With rich industry experience and a passionate team, we have developed manifold over the years. Having gained a deep understanding of manufacturing processes, we deliver high-quality products.

WHO WE ARE?

Shiny Knitwear was incepted in 1997 at Tirupur, Tamil Nadu, India. Our company is certified by the Government of India and various other reputed boards. We believe in Integrating Design with Technology steered by the vision, energy, and acumen of our business fore-runners. We produce 4 lakh garments/month and we have come a long way since the start.

We excel at manufacturing Knitted garments and versatile fabrics used in it. We have more than thirty-five years of experience in printing and have best in class printing machines.

❖ Best Quality Standards ❖ 100% Satisfaction Guarantee

20+ Machines

PROCESSING

(Bleaching, Dyeing, Printing, Stenter, Compacting)

Shiny has an exclusive unit for processing – Shiny Processing Mills Private Limited and boasts of being one of the most modern processing houses in India.

In here, the quality of the fabric is controlled at every stage of processing, right from grey stage to the finished product. The company is assured of a final product that's par excellence. Our processing incorporates Salt-Free Technology, which reduces the harmful effects caused by salts.

EMBROIDERY

Our embroidery divisions have sophisticated Japanese and German machines with CAD/CAM designing. We pay keen attention to the designs and this approach enables us on mass scale execution of intricate embroidery in Laser cut & Sequence. Our embroidery works are used commercially in product branding, corporate advertising etc., Our computerised automated embroidery machines enable us in providing

highly precise excellent trimming system with stable performance.

CUTTING

CUT & FIT band knife cutting machine and EASTMAN lay cutting machines are put to extensive use in the cutting unit.

STITCHING

From the latest ERP-enabled systems to the most advanced machinerys having a capacity of around 600 tech edge machines 15 Lines, we are equipped to

manufacture and export nearly 4,00,000 pieces on a monthly basis.

CHECKING , IRONING, PACKING

Shiny QA team employs highly skilled, experienced and hardworking workforce. With emphasis laid on specialization, the manpower resources here are utilized to its best in activities. Checking team assures quality garments and then garments are ironed & packed and sent to its destination.
