

Company Profile

Colorful people for the blue planet

CEO's Message

At DeniMai, we take pride in our female-dominated workforce and leadership. We prioritize women's development, respect for the environment, and trust in our customers. Dedicated to upholding our commitments, we foster team growth and enhance our technical skills. Together, we strive for excellence and sustainability in every garment we produce.

**Sincerely,
Seydanur Yilmaz**

Authenticity

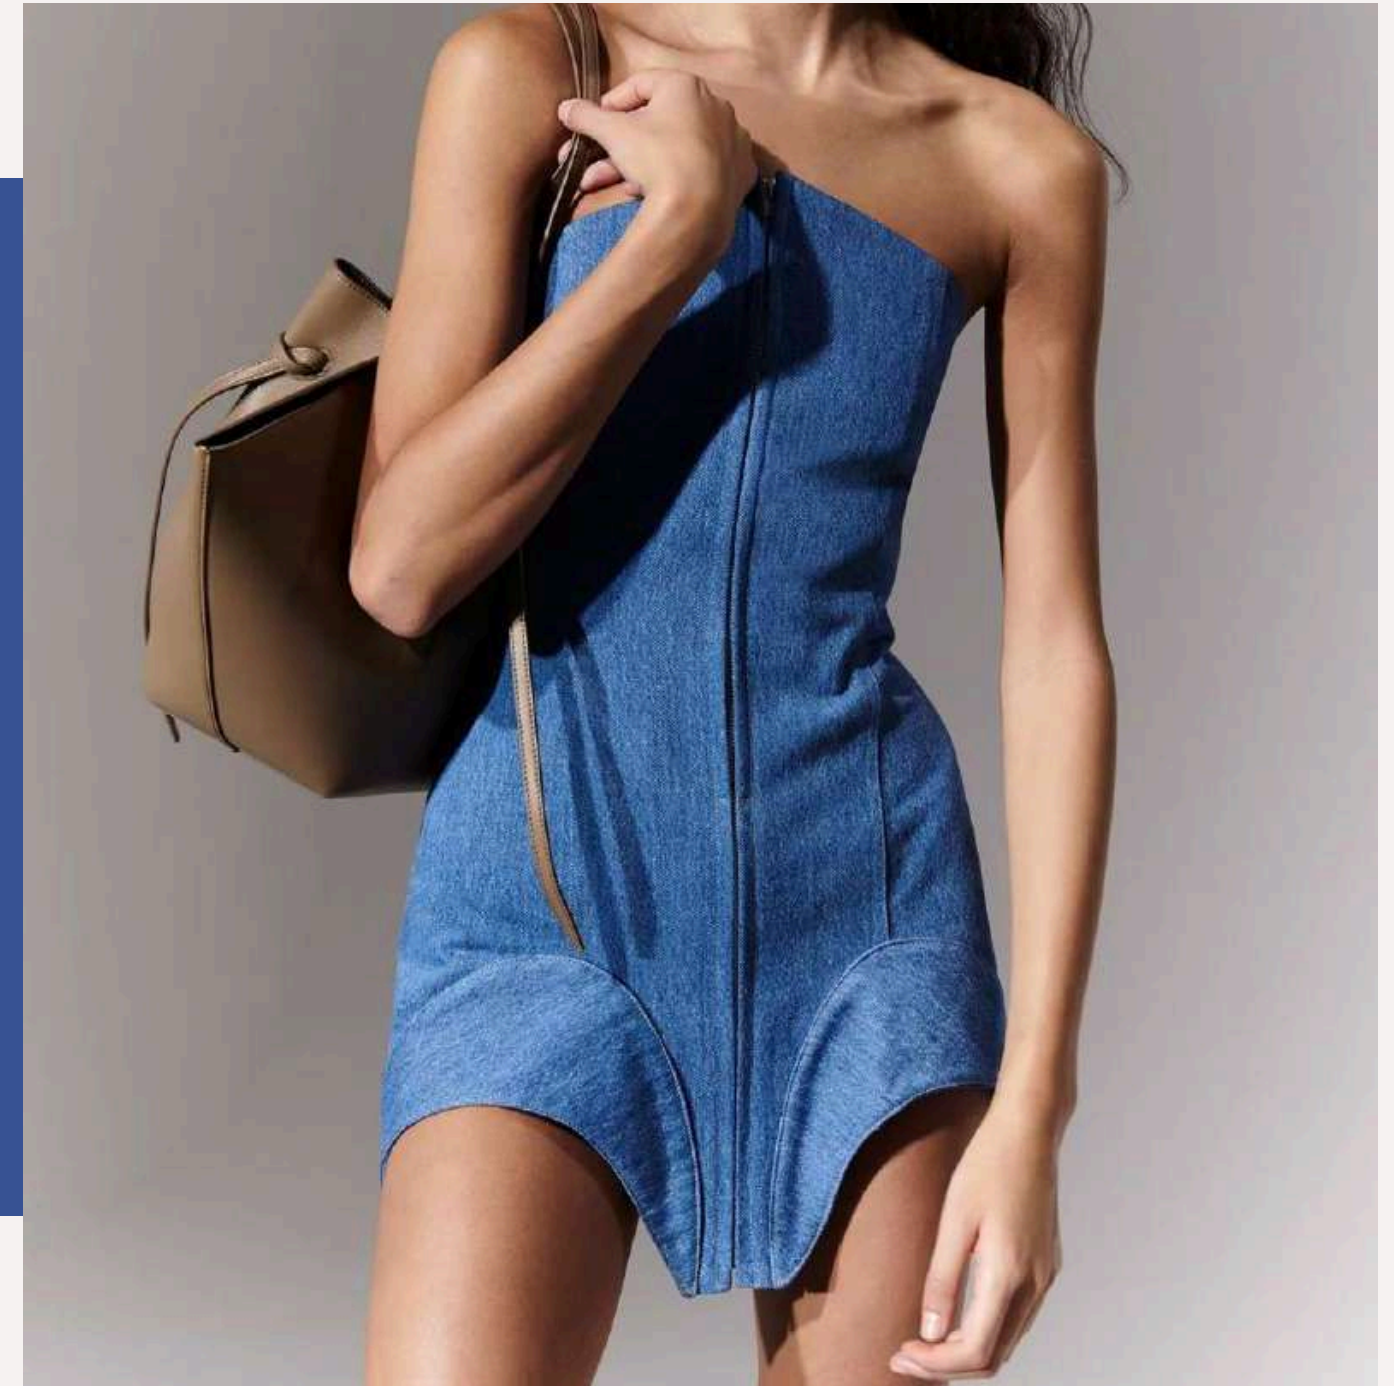

DeniMai collaborates with textile **experts** rooted in **Istanbul** to assist brands in enhancing their **production** and **sales processes**

Flexibility

DeniMai offers comprehensive services in **Design, Product Development, Production, Logistics, and Sustainability**. Our expert team specializes in Denim, Heavy Woven, and Knit categories, ensuring versatile and tailored solutions for our clients.

Quality Meets Originality

The textile production in Istanbul and throughout Turkey, with its **centuries-old tradition**, embodies a seamless blend of **craftsmanship and artistry**. Our team's meticulous attention to every detail—from yarns and fabrics to accessories and processes—is a testament to our commitment to continuous improvement. We take pride in **integrating this ongoing development** into every new experience we create.

Our History

DeniMai - Colorful People Working for the Blue Planet

2012

With decades of experience in the apparel industry, seasoned professionals founded the

Demim Giyim Product Development Center.

2016

Our state-of-the-art denim production facility, was **established** in Istanbul.

2019

We initiated our first production operations for European and American brands in Egypt

2015

A specialized **micro-factory** for knitted and woven garments was established.

2017

We expanded our international presence with the opening of our first overseas office in **London.**

2023

We expand our reach further with the opening of our **LA** Showroom.

Discover The Latest Trends

Discover The Latest Trends

What We Do

Seasonal Color Expertise and Trend Forecasting

We start with the colors of the season, meticulously tracking **developments** in color, fabric, yarn, and accessories. We explore and share **opportunities** and risks along the way

Custom Fabrication and Agile Product Development

To bring your design to life, we begin with **mood-board sessions**, where we propose fabric options. We then **create samples** based on drawings and specific requests, adapting flexibly to brand requirements and evolving procedures. Our goal is to **deliver successful**, profitable products with **minimal risk**.

What we Offer

01

Nature Friendly Treatments

In our commitment toward planet Earth we use nature friendly treatments such as **G2, Laser treatment and Ozone treatment**

02

Expert Garment Dyeing

Our team of textile engineers is an expert in **Garment dyes**; colors are endless and so are our capabilities in getting you the right shade.

03

Unlocking of Denim's Potential

Denim can be executed creatively in a way that **reflects** your **brand** and its **identity**. discover how by contacting us.

04

Top-Notch Service

Once you work with us we become **partners**, **success** is a common **goal** and our customer reps are always ready to assist and **consult** with **transparency**

How we do it.

1

Fabric and Design Selection

We meticulously **source** and handpick the most **sustainable** and high-quality **fabrics** tailored to suit each **design**

2

Planning and Coordination

We present the chosen fabrics, discuss **accessories** and **sizing** details, and finalize **quotations** along with production **schedules**

3

Prototyping and Consultation

Our experienced team collaborates closely with clients to **create samples** that meet their expectations, **consulting** our expert **pattern makers** throughout the process.

4

Production and Quality Assurance

Upon approval of the final sample and feedback, our dedicated team oversees **production** to maintain stringent **standards** and ensure **premium quality** throughout

5

Efficient Logistics and Delivery

Products are **delivered** with utmost care and efficiency, allowing clients to choose their preferred delivery method for **seamless service**

Why Us

Creativity and Endless Possibilities

DeniMai fosters a culture of **creativity** and embraces **innovative** ideas. With a diverse team spanning all age groups, we continuously evolve and **explore** new **possibilities and commitment to R&D**

Sustainability and Quality Certifications

DeniMai upholds rigorous **sustainability** and **ethical** standards, supported by our certifications: **EU Ecolabel, GOTS, GRS, RCS, OEKO-TEX, Sedex, OHSAS, ISO 9001, 14001, and 27001**. Routine checks ensure **adherence** to these **commitments**.

Wide Fabric Range

Turkey ranks third worldwide in **fabric** and **apparel** manufacturing. With decades of **experience** and expert **partnerships**, we tailor your designs to meet the **highest standards**

R&D

Driving Innovation Through Research & Development

Continuous Collection Development

We create a new denim collection every two months, staying ahead of trends and evolving customer demands.

Global Insights & Educational Trips

Our team travels to Tokyo, Amsterdam, and Paris to explore emerging innovations, sustainability trends, and creative techniques.

Sustainability at the Core:

Zero-toxin production, circular fashion initiatives, and responsible sourcing.

Empowering Our Team

Every employee receives two hours of training per month, ensuring ongoing learning and skill development.

Trade Fairs

Showcasing DeniMai's Innovation Worldwide

Strategic Industry Presence

Denimai is a committed exhibitor at top international trade fairs, including FaW Tokyo, Preview in Seoul, LA Textile, and Bluezone, where we showcase our denim innovations.

Innovative & Interactive Exhibits

Our booths feature curated trend forums, fabric swatch displays, and live demonstrations, offering an immersive experience.

Expanding Market Reach

Strengthening relationships across key regions, including North America, Europe, and Asia, while shaping the future of denim manufacturing.

Driving Industry Collaboration

We engage with global brands, sharing our expertise in sustainable and creative denim solutions.
