Sustainable Mongolian Cashmere

Since 1998

Dear all,

Khanbogd Cashmere embarked on its journey as a modest factory specializing in the production of raw materials 26 years ago. With an unwavering commitment to sustainably adapting to ever-changing economic demands, we have grown into a prominent manufacturing powerhouse for exquisite cashmere apparel - a strategic hallmark of Mongolia. In recent years, we have successfully diversified into the clothing and fashion industry, crafting high-quality garments that meet with international market requirements.

Beyond our notable contributions to the national GDP and economic growth, our tireless dedication have also been directed towards fostering the advancement of the cashmere industry, contributing to the sustainable development of our nation's cherished heritage. This accomplishment has been made possible through the relentless efforts of our skilled employees and engineers, world-class innovative technologies for processing organic raw fiber,

establishing us as a frontrunner in producing de-haired cashmere and beyond.

Our continued success and expansion are linked directly to the invaluable partnerships we have cultivated with our esteemed clients and associates. Together, we have thrived and prospered, each step fortified by the unwavering support and appreciation from our clients, vendors, governmental and non-governmental organizations, and international organizations. To all our cherished clients and esteemed business partners, we extend our warmest wishes, as together, we strive for collective improvement and innovation.

With gratitude and anticipation for a promising future.

HISTORY

Khanbogd Cashmere has been dedicated to producing and exporting sustainable cashmere of the highest quality, adhering to the stringent requirements of globally renowned brands. Our exports have reached more than 10 countries such as the United Kingdom, Italy, China, Germany, India, Japan, Korea, Canada, the United States, and Czech Republic, solidifying our presence on the international stage.

Over the years, our commitment to excellence has been a driving force behind the creation of around 700 job opportunities, producing an impressive 1500 tons of combed cashmere annually. As a national's leading manufacturer, we have annual production capacity to produce 300,000 pcs of woven and 300,000 pcs of knitwear products. Notably, Khanbogd Cashmere's success as a leading cashmere exporter has played a pivotal role in bolstering the country's foreign currency reserves through our export trading.

We marked a significant milestone with occupation of our state-of-the-art manufacturing plant in April 2019, equipped with cutting-edge machinery from globally recognized manufacturers in Italy, Japan, and Germany. The synergy between our adept management and skilled human resources have resulted in a structured approach focused on nurturing and unleashing the potential of every employees. Our management philosophy emphasizes employee initiative, cultivating a conducive environment for achieving company goals, fostering a competent and qualified team, and harnessing each individual's unique abilities.

In recognition of our unwavering dedication, Khanbogd Cashmere has been consistently earning the distinguished titles of "TOP-100" enterprise, taxpayer, and premier combed cashmere exporting organization over the past 12 years. Building on this legacy, in 2023, we were honored to have once again secured the "TOP-100" enterprise status while being bestowed the distinction of being the leading company among non-mining industries' elite "TOP-100."

As we look forward to the future, Khanbogd Cashmere remains steadfast in its commitment to excellence, sustainable practices, elevating Mongolia's prominence on the global stage as a purveyor of luxurious, ethically sourced cashmere products

ORGANIC CASHMERE

WHITE CASHMERE

Residing predominantly in the southern parts of Mongolia, specifically, South Gobi, Bayankhongor and Govi-Altai provinces, white goats comprise 20% of the country's total goat population. In the face of extreme weather, with scorching summers soaring up to +40 degrees Celsius and icy winters plummeting to -40 degrees Celsius, these resilient creatures thrive. At Khanbogd Cashmere, we meticulously craft our white cashmere, sourced mostly from Shinejinst soum of Bayankhongor province.

BEIGE CASHMERE

Encompassing a remarkable 60% of the total goat population, the enchanting beige color is spread across the territory of Mongolia. Symbolizing the epitome of organic cashmere's warmth and luxury, this natural hue evokes a sense of timeless elegance. To deliver the utmost quality in beige cashmere, our collaboration with esteemed herders of Galshar soum in Khentii province, begins each March.

TAWNY CASHMERE

In the western parts of Mongolia, amidst the breathtaking Altai Mountains, brown goats reside that bless us with the rich tones of tawny cashmere. Thriving at 2000-4000 meters above sea level elevations, this awe-inspiring region endures the harshest of cold climates. From the majestic landscapes of Bayan-Ulgii, Khovd and Zavkhan provinces, we selectively gather the finest tawny cashmere specifically from the revered lands of Tumurbulan soum in Khuvsgul province.

KNITWEAR

We embarked on an extraordinary journey, creating an all-encompassing “INTEGRATED MANUFACTURING” platform in 2019. This visionary initiative begins from the very inception of production, encompassing yarn spinning, dyeing, weaving, and knitting – all carried out within a fully automated manufacturing facility. With a diverse range of equipment from 3.5 gauges up to 16 gauges, we present our clients with premium knitwear, masterfully crafted from sustainable Mongolian cashmere.

Khanbogd Cashmere brand products perpetually radiate novel and unconventional designs. Our diverse range of collections cater to every taste and need: Fall/Winter to Spring/Summer, Organic to Kids, Daily Wears to Accessories. With unwavering dedication, our products find their ways to customers worldwide through distribution via our branch stores and sales agents within and beyond the borders of Mongolia.

COMBED CASHMERE

We have established raw material preparation cooperatives and representative offices across ten provinces in Mongolia: Khuvsgul, Zavkhan, Sukhbaatar, Khentii, Arkhangai, Dornogovi, Govi-Altai, Dornod, Bayankhongor, and Uvurkhongai. These endeavors are driven by our commitment to crafting premium cashmere that meets the highest standards of quality and craftsmanship.

Embracing global responsibility, we adhere meticulously to the European Union's Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH) regulations designed for the initial stages of wool and cashmere production. Our dedication ensures that the organic cashmere we offer is not only of supreme quality but also safe for both humanity and the environment. With a meticulous adherence to MNS ISO 9001:2015 standards, our factory processes an impressive 1500 tons of combed cashmere, meticulously packaged with tags that align with international norms for seamless global trade.

SUSTAINABLE FIBRE ALLIANCE (SFA)

The Sustainable Fibre Alliance (SFA), non-profit international organization, stands at the forefront of championing sustainable practices in wool and cashmere production. Driven by a noble mission, SFA diligently works towards rangeland restoration, preservation of ecological balance, ensuring ethical and traceable cashmere trade, from the dedicated herders to eco-conscious consumers.

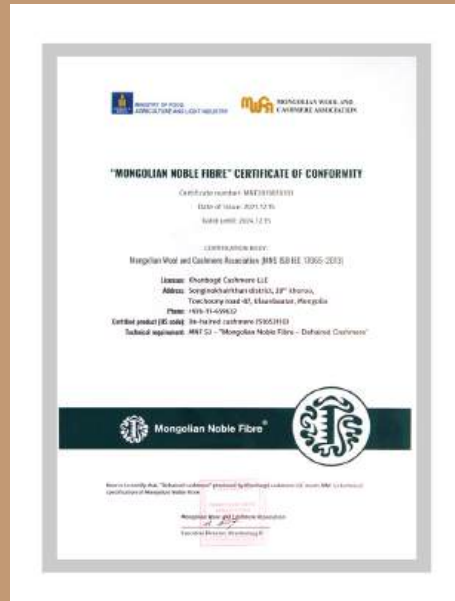

As a proud member of the cashmere industry, we are delighted to announce our collaboration with the SFA, a significant milestone in our journey towards sustainable and responsible manufacturing.

Khanbogd Cashmere underwent a comprehensive evaluation of its cashmere products by SFA, based in London, the United Kingdom, in June 2020. The outcome was nothing short of commendable, with an impressive score of 82%, propelling us to become the first-ever Sustainable Fibre manufacturer in Mongolia with the “Certification of Accreditation Silver Award.”

Building on this momentum, in 2021, we soared to new heights by securing the first “Certification of Accreditation Golden Award” in Mongolia, a remarkable achievement with an astounding score of 95.8%. Meeting the superior international standards for sustainable manufacturing across societal, environmental, and labor protection domains, Khanbogd Cashmere has become an exemplar in the industry elevating our position in the global market.

MONGOLIAN NOBLE FIBRE

The Government of Mongolia and Mongolian Wool and Cashmere Association, supported by Asian Development Bank (ADB), came together to create an exceptional mark of distinction – the “Mongolian Noble Fibre” (MNF) label. Designed to herald the unparalleled quality and merits of Mongolian wool, cashmere, and other exceptional blends, this label stands as a testament to the nation’s heritage of crafting exquisite fibers.

A defining moment was etched in Khanbogd Cashmere’s history on December 21st, 2019. On this day, our director and colleagues proudly received the prestigious “Mongolian Noble Fibre” (MNF) certification. Consequently, Khanbogd Cashmere had the privilege of being the first national manufacturer licensed to adorn its luxurious wool and cashmere products with the prestigious MNF label

DISTINCTIVE QUALITIES OF MONGOLIAN NOBLE FIBRE

Mongolia stands as one of the few countries where animal husbandry has flourished independently, fostering a unique ecosystem for five remarkable creatures: horse, cattle, camel, sheep, and goat. Specially adapted to endure the extreme weather of Central Asia, where scorching summers surpass +40 degrees Celsius and frosty winters plummet below -40 degrees Celsius, these animals possess extraordinary biological agriculture traits. Their ability to adeptly navigate through deserts and rangelands surrounded by mountainous areas while feasting on the natural grass, purest water, and freshest air throughout the four seasons sets them apart. Mongolian Noble Fibre, encompassing wool and cashmere from these remarkable animals, boasts a myriad of distinctive features that set them apart on the global stage:

1.

Nature's Palette:

Compared to cashmere from other origins, Mongolian cashmere fiber displays various natural colors, exuding vivid hues that captivate the senses. Moreover, they possess an exceptional capacity to be blended with different colors during the dyeing process, resulting in vibrant, eye-catching creations.

2.

Eco-conscious Fusion:

Embodying sustainability at its core, Mongolian Noble Fibre offers a unique blend of certified organic wool and cashmere from diverse sources and colors. This harmonious fusion reflects a eco-conscious commitment to both exquisite craftsmanship and environmental stewardships.

3.

Robust Resilience:

Distinguished by their length, strength, and yield, Mongolian cashmere fiber surpasses other regions' fiber. This inherent robustness allows Mongolian cashmere to be efficiently divided into multiple groups, catering to various bespoke purposes with precision.

4.

Superior Craftsmanship:

Products crafted from Mongolian cashmere shine in their ability to offer an unmatched insulation, durability, and shape retention. Each piece is a testament to the extraordinary craftsmanship honed through generations, capturing the essence of timeless elegance.

At Khanbogd Cashmere, we are driven by the belief that our products extend far beyond mere comfort; they offer a gateway in rediscovering the world, enveloping you in a cocoon of both solace and warmth.

At Khanbogd Cashmere, we are driven by the belief that our products extend far beyond mere comfort; they offer a gateway in rediscovering the world, enveloping you in a cocoon of both solace and warmth.

The evolving changes of fashion trends serves as a reflection of this paradigm shift, and our ultimate goal lies in transforming it into an endless, individually unique new trend – one that champions sustainability and responsible craftsmanship.

At Khanbogd Cashmere, we are driven by the belief that our products extend far beyond mere comfort; they offer a gateway in rediscovering the world, enveloping you in a cocoon of both solace and warmth.

The evolving changes of fashion trends serves as a reflection of this paradigm shift, and our ultimate goal lies in transforming it into an endless, individually unique new trend – one that champions sustainability and responsible craftsmanship.

Central to our commitment to excellence is our cutting-edge manufacturing laboratory, which diligently tests our combed cashmere post the first stage of processing, adhering meticulously to the Mongolian MNS ISO 9001:2016 standards. To ensure an unrivaled level of quality, samples of our cashmere undergo scrutiny in large international laboratories for external validation.

This meticulous attention to detail allows our products to wholeheartedly meet the stringent standards of the European Union, garnering customer appreciation. Our laboratory proudly adheres to the exact requirements of ISO/IEC 17025, and ISO 9001:2015 quality management systems, fostering an environment of innovation and excellence. Operational 24/7, it stands as a testament to our dedication to precision and the relentless quest for surpassing expectations

SUSTAINABLE TEXTILE PRODUCTION (IAF)

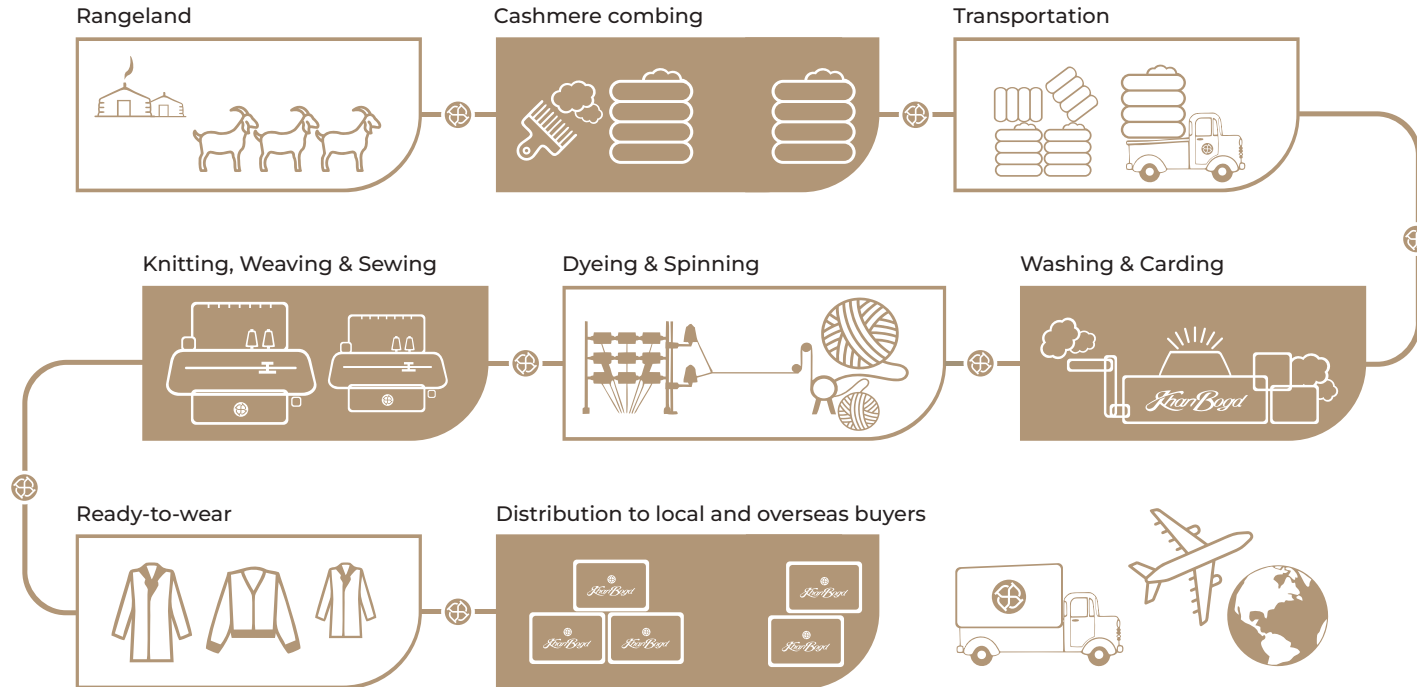

At Khanbogd Cashmere, we take pride in our unwavering commitment to sustainability, an integral pillar of our operations. We recognize the importance of rangeland restoration, maintaining ecological balance, and ensuring a transparent and ethical cashmere trade that spans from devoted herders to responsible consumers.

In recognition of our dedicated efforts, the Certification Body of the Mongolian Wool and Cashmere Association, awarded us the prestigious “Sustainable Textile Production Certificate.” This reflects our steadfast dedication in adherence to the normative standards set forth by MNS 6926:2001.

Our journey towards achieving this recognition involved rigorous conformity assessment, where every aspect of our textile production was meticulously evaluated against the appropriate requirements. With great pride, we successfully met and surpassed these criteria, showcasing our commitment to responsible practices and sustainable manufacturing.

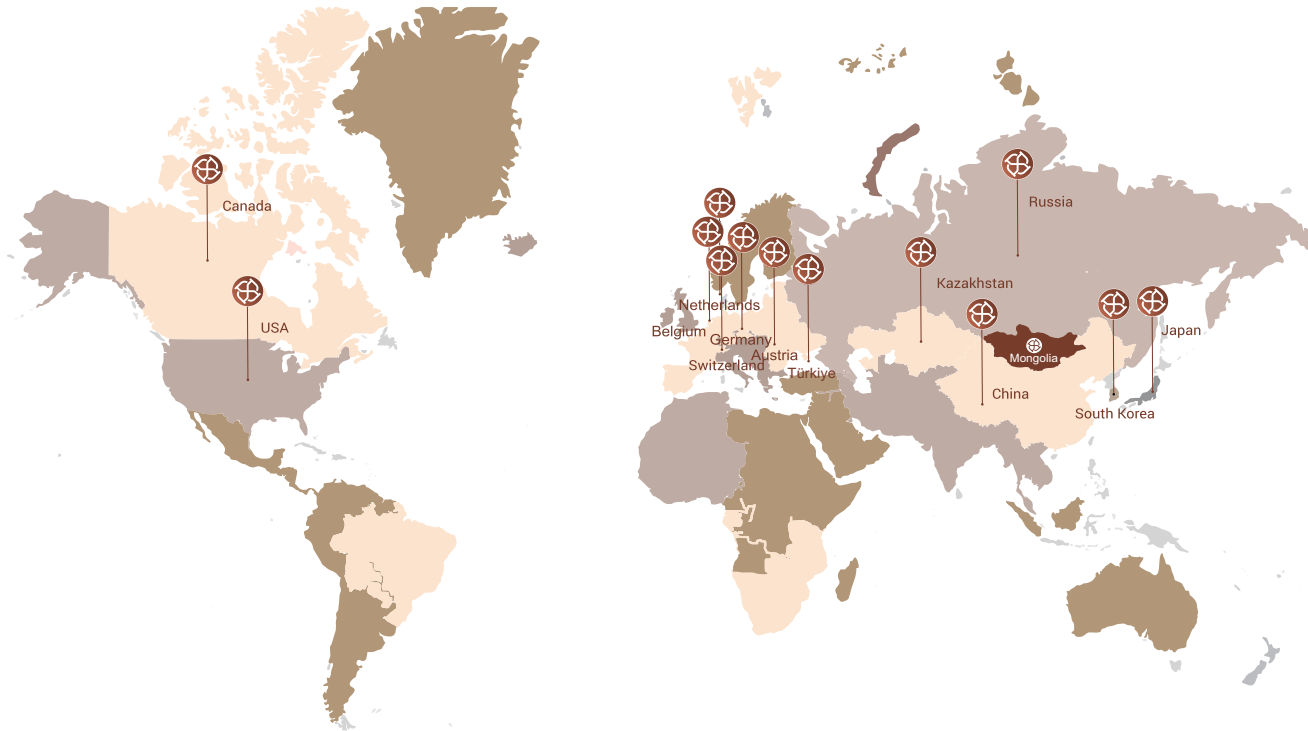

CASHMERE PRODUCTION STAGES

INTERNATIONAL TRADE

At Khanbogd Cashmere, we take immense pride in blending the timeless techniques of traditional Mongolian wool and cashmere processing with the cutting-edge marvels of modern technology. This extraordinary fusion allows us to deliver unrivaled raw materials that grace the global stage. Our commitment to excellence extends beyond the initial processing stages. By employing a sophisticated and comprehensive manufacturing process encompassing weaving, knitting, and fabric production, we emerge as a prominent national brand, a beacon for exquisite Mongolian cashmere that captivates consumers' hearts worldwide

GRAND PRIX AND GOLDEN MERCURY AWARD

Khanbogd Cashmere received the Grand Prix and Golden Mercury awards from the Mongolian National Chamber of Commerce and Industry's ENTREPRENEUR 2023 ceremony.

We became the leading cashmere company in Mongolia. Thanks to a comprehensive factory and high-quality products created with consistent and continuous efforts to meet the demands and requirements of international consumers.

Our mission is to become the world's leading sustainable brand by introducing modern innovation that preserves our nomadic heritage.

KHANBOGD VIP FASHION SHOW

As a leading cashmere brand with a pivotal role in Mongolia's economic growth, the VIP Fashion Show was hosted by Khanbogd team. The event allowed us to celebrate our achievements with our business partners, colleagues, and loyal customers during Khanbogd Cashmere's 25th anniversary.

ACHIEVEMENTS

Khanbogd Cashmere's unwavering dedication and substantial impact on Mongolian societal and economic growth have garnered remarkable recognition, as celebrated at the esteemed annual "The Mercury Awards" hosted by the Mongolian National Chamber of Commerce and Industry (MNCCI).

Our relentless pursuit of excellence and visionary entrepreneurship earned us the esteemed "Best Entrepreneur Enterprise of the Year Award" in 2021. Building on our resounding success, 2022 proved to be a momentous year as we basked in further glory. Our achievements in expanding horizons and reaching international markets were rewarded with the prestigious "Best Exporter Entrepreneur Award." Additionally, our dedication to fostering a thriving entrepreneurial spirit was recognized with the "TOP 10 Entrepreneur Award" in 2022. This honor reinforced our position as a beacon of innovation and excellence in the business community, serving as an inspiration to aspiring entrepreneurs across the nation.

LADY ENTREPRENEUR 2023

The MNCCI hosts the biennial “LADY ENTREPRENEUR” award ceremony to honor female business owners who significantly contribute to Mongolia’s societal, economic, and business industry. This event provides a platform for learning from their leadership experiences, fostering competitiveness among female-led businesses, and encouraging and supporting female entrepreneurs.

The “LADY ENTREPRENEUR 2023” award ceremony, held under the theme “Female Leadership in Business,” saw the participation of numerous representatives from the business industry. Among the exceptional women, Gantsetseg.Ch, the Director of Khanbogd Cashmere, was recognized with the esteemed “Lady Exporter Entrepreneur 2023” award.

Best Female of the Business Industry 2023

The annual “Ladies of the Big City” reception, held on International Women’s Day for the past four years, celebrates outstanding female achievements. This year, Gantsetseg.Ch, the Director of Khanbogd Cashmere, was honored with the esteemed “Best in the Business Industry” nomination, recognizing her remarkable contributions to the local private sector.

This achievement showcases her remarkable contributions in driving Mongolian cashmere exports, elevating the nation’s economic growth, and promoting Mongolian cashmere fiber globally. As a beacon of inspiration, Mrs. Gantsetseg’s success empowers and motivates other aspiring female entrepreneurs in Mongolia.

VISIT OF MONGOLIAN PRESIDENT

The visit of the President Khurelsukh Ukhnaa to Khanbogd Cashmere marked a moment of great honor and pride for our company. As the first holder of the Mongolian Noble Fibre Certification and recipient of the SFA “Gold Award”, we were privileged to showcase our operations to the president.

Under the national movement “Food Supply and Food Safety,” President Khurelsukh Ukhnaa’s visit was a testament to the significance of our economic contributions and efforts to elevate the global value of Mongolian cashmere while fostering a robust domestic foreign exchange flow. His appreciation for our unwavering commitment to sustainability and environmentally friendly business practices warmed our hearts, reaffirming our belief in responsible entrepreneurship.

Moreover, the President applauded us for achieving the distinction of becoming the first company to receive a full chain of custody certificate from SFA, emphasizing our commitment to traceable and ethical business practices. Supporting local herders and empowering their livelihoods holds a special place in our hearts, and we are humbled to have received 1500 tons of cashmere each year from four member provinces of SFA and five other herder cooperatives, enriching the lives of these dedicated herders.

ACCOMPLISHMENTS IN 2023

As a pioneer in the cashmere industry, Khanbogd Cashmere has installed solar panels at our Knitting and Primary processing factories to implement corporate social responsibility and sustainability.

Through our self-financed energy saving project, we introduced solar panels to the Primary processing facility in 2023 and the Knitting Factory in 2021, respectively. We eliminate 25.53 kg of greenhouse gas (GHG) emissions annually, which is equivalent to planting 796 trees.

The Primary processing facility underwent a 2,000 square meter expansion, and a staff recreation center was established to create a healthier workplace. The Primary processing facility expansion facilitated the creation of over 50 job opportunities, fostering economic growth and employment stability in the local labor market.

We actively contribute to sustainable businesses, appealing to other factories to implement environmentally friendly policies to mitigate the effects of climate change and reduce GHG emissions.

SOCIAL RESPONSIBILITY

At Khanbogd Cashmere, we prioritize social responsibility, and our commitment to supporting women is evident through our workforce composition, where 90% of our employees are women. Recognizing the challenges faced by single-mother families, we focus on providing job opportunities and assisting them with their housing crisis.

Moreover, in collaboration with Mongolian Women's Federation (MWF), non-governmental organization, we spearheaded the "Cancer free Women" program in all "soums" of Dornogovi province. As the primary sponsor, we addressed breast and cervical cancer through health education, screening, and diagnosis, specifically targeting female herders and disabled women in remote rural areas.

Under the leadership of President Khurelsukh, the national movement "Billion Trees" was initiated as a measure to combat climate change. This movement aims to combat desertification, land degradation, and ecological imbalances while safeguarding water sources and reserves. As part of this initiative, Khanbogd Cashmere has pledged to plant and nurture 300,000 trees by 2030. Embracing our responsibility as a company, we have taken swift actions to contribute meaningfully in preserving our environment and well-being of our future generations.

To commemorate World Donor Day, Khanbogd Cashmere collaborates with the National Center for Transfusion Medicine to host an annual Blood

Donor Day. This event serves to enhance the health and social welfare of our employees while contributing to the augmentation of safe blood reserves and advocating for voluntary blood donation.

Furthermore, Khanbogd Cashmere actively collaborates with authorities of Songino Khairkhan district to provide assistance to elderly and vulnerable families. We proudly donated a fully equipped playground, with brand new equipment and toys imported from South Korea, valued at 90,000,000 MNT, to Bogd soum of Bayankhongor province in October, 2018.

Khanbogd Cashmere and World Vision International joined hands in a collaborative effort, signed a Memorandum of Understanding for future endeavors, on March 18, 2019. As part of this agreement, five traditional Mongolian gers with five walls were gifted to five families within the vulnerable groups from Bogd soum of Bayankhongor province. In an effort to empower the community further, 100 individuals aged between 18 and 40 from targeted families in World Vision International's development program received free training in cashmere combing, washing, and weaving. These individuals were given the opportunity to participate in a paid internship at our factory, providing them with valuable skills and employment prospects.

Moreover, Khanbogd Cashmere is actively engaged in projects to improve water access and environmental sustainability. We supplied livestock watering tanks, created wells, and planted trees in Umnudelger soum of Khentii province and Bogd soum of Bayankhongor province, reinforcing our commitment to environmental conservation.

To promote international involvement and support cultural and sports events in Mongolia, Khanbogd Cashmere proudly served as the golden partner and primary sponsor of the First Asian Veteran Championships of table tennis. This prestigious championship hosted approximately 400 athletes from over 40 countries, fostering cultural exchange and sportsmanship on a global scale.

INTERNATIONAL WORKSHOPS AND CONSULTING

Khanbogd Cashmere actively engages in projects and programs initiated by the European Bank for Reconstruction and Development (EBRD) to enhance the company's management. Regular training programs are implemented to ensure continuous improvement in our operations.

Our successful participation in the "Women in Business" project enabled us to receive marketing and strategic consulting services in 2019. This invaluable support aided in defining our company's strategy and policy, facilitating the successful introduction of a new brand to the international market.

We actively participated in the long-term International Consulting Project in 2022, focusing on enhancing our financial capacity and implementing international standards. Additionally, our involvement in the Agriculture and Rural Development Project by Asian Development Bank (ADB) aims to manufacture value added products with an agricultural origin. This project expanded the capacity of our carding and weaving factory, supporting the production of value-added products and bolstering our export of de-haired cashmere, further strengthening our position in the domestic and international markets.

SOLAR ENERGY

In recent years, Khanbogd Cashmere has been steadfast in fostering a culture of ecologically friendly and sustainable manufacturing practices in Mongolia. A notable example of our commitment is the investment of 100,000 USD to install solar energy panels in our factory. This forward-thinking initiative has yielded significant results, allowing us to save 25kW of energy daily, resulting in substantial cost savings of 150,000 USD annually.

These cost savings have been brought back into the company to create positive impacts. We have used the excess budget to improve the working environment for our employees, prioritizing their well-being and satisfaction. Additionally, the saved funds have been instrumental in motivating and encouraging our workforce, fostering a more productive and engaged team.

INTERNATIONAL CHILDREN'S DAY

Khanbogd Cashmere successfully hosts a fair in celebration of International Children's Day annually on June 1st. This year was no exception as the children of our employees enthusiastically participated in the event. They had the opportunity to visit their parents' workplaces, engage in various games and performances, and receive delightful presents. We take pride in fostering a family-friendly and inclusive work environment where the happiness and well-being of our employees and their children are cherished.

KHANBOGD BRAND ON THE INTERNATIONAL STAGE

“EMERGING TALENTS MILAN” 2022

Khanbogd Cashmere achieved a significant milestone by being the first Mongolian representative to participate in “Emerging Talents Milan 2022,” held in Milan, Italy. The captivating “REGINA-SS23” collection showcased in the event received widespread acclaim from respected magazines like Harper’s Bazaar, Woman Madame Figaro, Fashion Magazine, and Elle. Through this successful participation, we proudly introduced the unique properties of Mongolian cashmere to the world, elevating our brand’s global presence.

“MIDDLE EAST FASHION WEEK” 2022

Building on this triumph, on November 10, 2022, our “REGINA-SS23” collection was invited to participate in “Middle East Fashion Week 2022” held in Dubai, United Arab Emirates. This prestigious event presented an excellent platform to promote our commitment to quality, standards, and sustainable manufacturing, while fostering new business collaborations. At the event, we were honored to receive “The Most Sustainable Brand” award, a recognition of our dedication to environmentally responsible practices. With unwavering determination, Khanbogd Cashmere continues to expand its business territory, striving to bring our exceptional products to every corner of the world. Our journey towards delivering unparalleled luxury and sustainability remains at the heart of our vision for a brighter and greener future.

“Middle East Fashion Week” 2022

"Emerging Talents Milan" 2022

FASHION

Fashion is an exquisite expression of creativity, influenced by the enchanting beauty of nature and animals. At Khanbogd Cashmere, our designs epitomize five essential characteristics: absolute comfort, stylish aesthetics, meticulous craftsmanship, premium quality, and unparalleled uniqueness. These principles form the essence of our brand, reflecting our unwavering commitment to delivering exceptional products.

To enrich our designs further, we have established long-term partnerships with renowned Italian designers who set the fashion trends for international brands. This collaboration allows us to infuse our collections (Fall/Winter, Spring/Summer, Organic, Children, and Daily Wear) with innovative ideas and captivating colors, ensuring our offerings remain on the cutting edge of fashion. As we strive to create timeless and fashionable garments, our ultimate goal is to inspire confidence and delight in those who embrace our luxurious cashmere products.
