

FIBRE TO FASHION

**FULLY VERTICALLY INTEGRATED APPAREL EXPORTER
CRAFTING THE FINEST GARMENTS**

Every garment
begins as a fibre,
and becomes
art in the hands
of true makers.

KNITTED OVER YEARS STITCHED WITH TRUST

For over three decades, NM Exports has grown into a trusted partner for leading fashion brands, not only as a dependable manufacturer, but as an end-to-end solutions provider. Guided by our roots and driven by excellence, we remain committed to delivering quality with consistency, integrity, and care.

From our beginnings as a small stitching factory to becoming the first and only vertically integrated textile company in Eastern India and one of the few in India, our journey reflects our dedication to quality, sustainability, and innovation at scale, spanning every stage from spinning to stitching.

END-TO-END GARMENTING

Our state-of-the-art garmenting capabilities deliver precision, speed, and consistency across every stage of production. With highly trained operators, world-class machinery, and strict quality systems, we ensure every garment is crafted to global standards.

-  Our cutting division, with dedicated automated and manual departments, enables us to deliver flawless results for both bulk production and intricate placements like prints, motifs, and embroidery.
-  Our stitching division handles high-volume, multi-category production with precise, spec-driven workmanship and seamless integration across units for consistent quality and faster output.
-  Our pressing division combines advanced equipment and finesse to deliver wrinkle-free, retail-ready garments with precise shaping and a premium, consistent finish across all volumes and styles.
-  Our packing and despatch unit delivers error-free, sustainably packed, protocol-compliant shipments, ensuring every garment reaches buyers neatly presented, accurately sorted, and on time.

GLOBALLY SOURCED PRODUCTION SETUP

Automated cutting and pattern-making from Morgan (Italy) and Gerber (USA)	400 + Juki and Yamato sewing machines	Advanced hybrid pressing unit	Eco-friendly packaging including muslin bags and reduced-plastic alternatives

VALUE-ADDED FASHION

To help brands stand out globally, we offer a full suite of premium in-house value-addition capabilities that deliver agility, cost efficiency, and high-fashion execution at scale.

Our in-house digital printing delivers high-resolution, multi-colour reactive and sublimation prints with sharp accuracy and rich clarity.

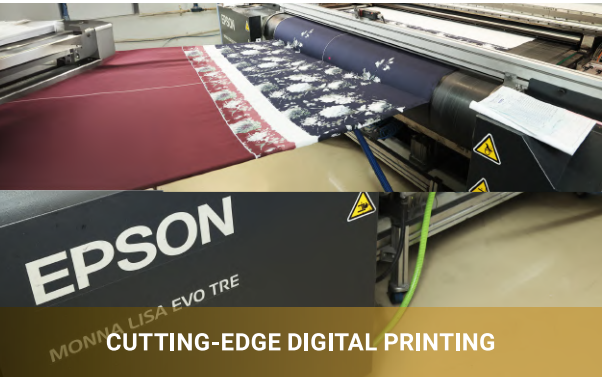

Our in-house screen printing unit blends artisanal depth with production consistency, delivering durable, high-definition prints and special effects for custom graphics.

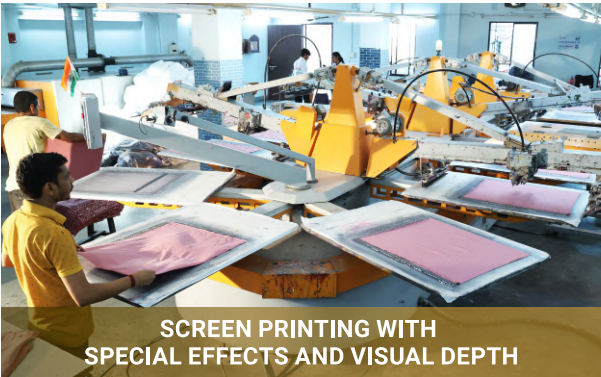

With over two decades of Swarovski embellishment expertise, our stone work division delivers highclarity, couture-grade finishes with precise automated placement.

Our embroidery division combines large-scale, high-precision computerised operations with premium Sakura plate technology, delivering sharper, durable, and consistently detailed trims, logos, and motifs.

Shirts | Dresses | Blouses | Trousers

SUSTAINABLE EXCELLENCE

We believe in planet-first operations, where every process is designed to minimise impact and maximise responsibility. Sustainability is stitched into every stage of our manufacturing and into the well-being of the people who make it possible.

Green Zone Infrastructure

24x7 Effluent Treatment Plant

Sustainable Materials

Ethical Labour Compliance (BSCI Grade A)

 Rainwater Harvesting Systems

 Recyclable Packaging

 Air Pollution Control

PROGRESS POWERED BY CSR INITIATIVES

Our CSR efforts include a regular contribution to a major cancer care hospital in Kolkata as well as other medical institutes.

PIMA PERFECTION

WORLD'S ONLY VERTICALLY INTEGRATED PIMA COTTON APPAREL MANUFACTURER

FROM CALIFORNIA TO YOUR COLLECTION

At NM Exports, we are the world's only fully vertical Pima cotton apparel manufacturer, where the entire journey from fiber to fashion happens under one roof.

Every story of quality begins at the source and ours starts in the lush cotton fields of California, USA, where the world's finest Pima cotton is grown. Once these premium fibers reach our facilities, the journey continues through state-of-the-art spinning, knitting, processing, and stitching units, where craftsmanship meets innovation.

Today, with over three decades of Pima cotton apparel production, we've mastered the art of crafting the perfect Pima garment, achieving the ideal drape, colour depth, handfeel, durability, and long-term comfort. And because every stage of manufacturing is in-house, we deliver these premium Pima products at unmatched prices rarely possible within the Pima category.

WHY CHOOSE PIMA?

- ✓ 4X Softer, Shinier, Stronger
- ✓ Unmatched Quality and Durability
- ✓ 100% Sustainable
(Sourced from California, USA)

WHY CHOOSE US?

- ✓ Over 3 decades of expertise
- ✓ Extensive R&D in numerous structures
- ✓ Biggest supplier of Pima to 10+ brands across Germany, Switzerland, Spain, Austria and Netherlands

TRUSTED GLOBALLY

FOR EXCELLENCE IN GARMENT MANUFACTURING
