BY TOSHEKA

TOSHEKA TEXTILES

Tosheka bridges traditional weaving techniques with modern innovation, empowering artisans and communities while protecting the planet. Our journey began with a simple belief: that fashion and design can be both beautiful and responsible. We work with natural fibers, organic dyes, and ethical production methods to create handwoven fabrics, accessories, and home décor that embody authenticity and care.

Every Tosheka piece carries the story of skilled hands, cultural heritage woven with purpose and connected to those we serve and empower

The Products

Tosheka creates eco-conscious textiles and products handcrafted from natural fibers and dyes. From handwoven fabrics and fashion accessories to home décor pieces, every creation reflects a commitment to sustainability.

Purpose Beyond Textiles

At Tosheka Textiles, sustainability guides every step of our process. We use eco-friendly fibres and low impact production methods that honour the environment while preserving traditional Kenyan weaving skills. By partnering with rural artisans especially women and youth we create meaningful jobs, fair income, and long term community growth. Every fabric supports both people and the planet, making each piece a beautiful blend of purpose, craft, and positive impact.
