## THE VIJAY FAMILY

At Vijay, we recognise that our employees are at the core of what we do. With this at the bottom-line, we constantly work to uphold the values of fairness, respect, trust and integrity while creating a positive work environment for our employees. Vijay assumes a plethora of employee welfare measures. All our production units have active clinics and crèches, along with the optional transport facility and subsidised food at the canteens. At Vijay, we are not just a business enterprise, but more of a family!

Aside from our employees, we are keen to give back to society too. Taking our CSR firmly, the company's promoters have set up a foundation under the name 'DPS Reddy Trust', with a corpus of Rs. 20 million to actively promote and facilitate the creation of educational and medical infrastructure.
