JACKET**

**10**

- Arctic-Guard Hi-Vis Softshell Jacket

**100% POLYESTER**

**CODE : 1190**

**SIZE : XS- 3XL**

- Outer Layer: High-visibility fluorescent polyester fabric designed for superior colorfastness, weather resistance, and maximum daytime visibility.
- Middle Layer: Windproof and breathable TPU membrane that blocks cold winds while allowing internal moisture to escape, keeping the wearer dry and comfortable.
- Inner Layer: Soft microfleece lining providing thermal insulation and a cozy feel during winter operations.
- Applications : Construction & Infrastructure Projects, Road & Highway Maintenance, Logistics & Transportation

EN ISO 20471

## ELDON JACKET

100% POLYESTER

CODE : ELDON 002

SIZE : XS- 3XL

- Durable, smooth nylon panel on the chest and shoulders for added protection against wind and light moisture
- Ultra-soft, high-loft fleece traps heat effectively for maximum cozy warmth and insulation.
- Application : Ideal for transitional weather, camping, hiking, or as a cozy, statement piece for casual urban wear.

## VOLT CORE JACKET

**100% POLYESTER**

**CODE : 5158**

**SIZE : XS- 3XL**

- Perfect as an insulating mid-layer under a waterproof shell for skiing or hiking, or worn alone as a casual outer jacket.
- The bold yellow zipper offers a recognizable, signature detail that allows for effortless coordination with other bright accessories or gear.
- Application : Warehouses, outdoor photography, construction site visits

## LIMA HOOD SOFTSHELL JACKET

**60% POLYESTER & 40% ACRYLIC**

**CODE : LIMA HOOD**

**SIZE : XS- 3XL**

- Constructed from high-pile Sherpa Fleece for deep insulation and ultimate softness, contrasted with a durable, smooth technical fabric on the chest and hood for added weather resistance
- Zippers: The small vertical closure under the chin and the zipper on the front pocket flap are likely Nylon Coil Zippers, chosen for their light weight and reliability in cold weather.
- Application : People who daily commuting in cool weather, Warehouse & logistics operations

## MENS KRUMLIN FLEECE JACKET

**100% POLYESTER**

**CODE : KRUMLIN**

**SIZE :XM- 3XL**

- Material: 100% Polyester Fleece (Midweight)
- Features: Quarter-Snap Closure, Mock Neck, Banded Cuffs/Hem
- An instant classic built for enduring warmth and comfort.
- Application : People who daily commuting in cool weather, Warehouse & logistics operations

## SHORT & PUNCHY JACKET

**100% POLYESTER**

**CODE : WMJ 5177**

**SIZE : XM -3XL**

- Outer Shell made of 100% Polyester & Outer treatment to resist light moisture.
- Performance Softshell: Breathable, flexible, and weather-resistant for high activity
- Application : People who daily commuting in cool weather, Warehouse & logistics operations
- Tailored for Her

## VIGILANT PRO JACKET

**100% POLYESTER**

**CODE : 5150**

**SIZE : XM -3XL**

- Strategically placed patches on the shoulders and back increase visibility in low-light conditions.
- Provides core warmth, making it suitable for cold temperatures.
- Adds a modern, technical aesthetic and reinforces the seams.
- Application : General Casual & Commuting, Warehouse & logistics operations

**CAMERON FLEECE PRO JACKET****100% POLYESTER****CODE : CAMERON F12****SIZE : XM -2XL**

- 100% Polyester, winter-weight fleece (280–320 GSM) designed for superior thermal insulation and a soft, plush feel.
- Heavy-duty polyester zipper with matching color trims for a clean and modern look. High-quality piping around the collar, cuffs, and hem for shape retention

Application : People who daily commuting in cool weather,  
Warehouse & logistics operations
