## Your Premier Garment Manufacturing Partner

Our directors, alongside skilled designers, meticulously source greige fabric and embroidery yarn from premium suppliers, prioritizing quality to ensure utmost client satisfaction.

Our well-equipped and hygienic storage facility houses a diverse range of raw materials, including fabrics, yarns, beads, sequins and glass stones, as well as cords and tapes. From fabric checking to final dispatch, our dedicated team, comprising experienced managers and vigilant company directors, oversees every aspect of the production process.

Our products are expertly designed and crafted in-house by skilled artisans. Hand embroideries, crochet and macramé work are meticulously executed to meet industry quality standards. With over 500 proficient crochet and macramé artisans and 50 stitching machines, we stand as a trusted and value-added export house.

Having fostered enduring relationships with our clients since our inception, we take pride in our strong global clientele

and our presence across developed countries. At Rishabdeo Creations, we continually strive for manufacturing excellence and quality refinement, solidifying our reputation as a trusted partner in the industry.

## Look good with Standards

From design to production, we are all about feeling good, looking good and doing good. All of our products are designs with a flawless fit and excellent styling. All our goods are produced with 100% Indian materials, locally available thereby reducing transport emissions. We follow highest standards of workplace ethics and environmental responsibility. We are a fully integrated facility having BSCI social compliance as well High worldly index environmental compliance.

We believe in women empowerment, for this reason all our artisans are women embroidery polytechnic educated for whom we provide equal employment opportunities, safe-working conditions and fair remuneration.

## Commitment to quality:

We are 101 percent committed to quality and workmanship and continuous improvement of working practices and processes, all our goods pass through a 3 way inspection standard as per AQL, for this reason our factory is approved by AQF [Asia quality focus] for best production practices. We have also been issued ZED certification by Ministry of Commerce and industry in India, which merely means 'ZERO DEFECT, ZERO EFFECT' which is our clear commitment to quality as well as the environment.
