WHO WE ARE?

NJScreenprints is your premier destination for high-quality, high-volume textile printing services, serving a wide spectrum of clients in retail, brands, corporate, and promotional sectors. From boutique stores to major fashion chains and supermarkets across the UK and Europe, we cater to diverse needs.

Nestled in our expansive **52,000 sq ft** facility in Hinckley, Leicestershire, we offer a unique combination of design expertise, technical excellence, speed, scale, and ethical standards that set us apart from the competition. Renowned brands and retailers in the fashion and entertainment industries trust us for our Exceptional services. Partner with NJScreenprints to elevate your textile printing projects to the next level.

NOT YOUR AVERAGE DATA

Consumer & Trend Intelligence

We analyse consumer behaviour and global market trends every day to identify emerging opportunities and changing demands. Working closely with our partners, we turn these insights into actionable intelligence that informs product selection, licensing strategies, and future development. Trend analysis is about more than identifying what's popular today. It's about anticipating what's next. By combining market data with consumer insights, we help shape design direction, inspire product innovation, and support confident decision-making.

SPEED TO MARKET

When Tesco needed 2,000 branded T-shirts delivered to stores in a single day for a World Cup promotion, most suppliers would have said it was impossible.

Receiving the brief at 8:00am, our in-house team designed the artwork, approved samples, printed, quality checked, packed and dispatched all 2,000 T-shirts within hours.

By 5:00pm, the order was complete. By 9:00pm, every T-shirt had arrived in Tesco stores, ready for the promotion, showcasing NJ's speed, efficiency and ability to deliver under pressure.

LEVEL BEYOND.

We're not just printing design.
We're inspiring confidence, creativity, and courage in the next generation.

THIS IS MORE THAN APPAREL.
THIS IS A MOVEMENT

RETAIL & BRANDS

We can Supply, Source, Design, Print, Label tag, Back Neck, Package & Deliver **600 - 100,000 garments a week.**
