➔ Choose 2 strands of #4 worsted yarn, #5 bulky yarn or #6 super bulky yarn for the round looms. Experiment with different yarns to determine your yarn preference for each project. To make a newborn or toddler hat using the 24 - peg or 30 - peg round looms, we suggest you use one strand of # 5 bulky yarn. For adult hats using the 36 - peg or 40 - peg looms, we suggest using two strands of #4 worsted weight yarn, #5 bulky yarn or # 6 super bulky yarn.

➔ 12 - peg Loom may be used to make tubes or flat pieces just like the larger round looms, but it can also be used to make lovely flowers. Use yarn, ribbons, raffia or fabric strips top make unique embellishments for all your projects.

➔ 36-peg loom is designed to be used with # 5 bulky weight yarn or several strands of lighter yarn held together. It may be used to knit double knit panels or flat panels. Make thicker projects using both rows of pegs at the same time or lighter weight projects by using the pegs on just one side.

• For your first effort, use one strand off #4 worsted weight yarn.

• The scarf shown on the model may be made using the double knitting technique and the UME green loom. You may also make a scarf using the Flat Panel method.

• Approximately 400 yards of #4 yarn are required to make a double knit 72 in scarf with image.

➔ Introduction:

The long loom that are sold as a set are designed to be used with #4 worsted weight yarn

or several strands of lighter yarn held together. They have pegs on both sides and on each end and may be used to knit flat panels, doubles knit panels or circular pieces. Make lighter weight project by using the pegs on just one side or thicker projects using both rows of pegs at the same time. Both methods are explained below. To use the long looms to knit around, follow the directions for Flat Panel knitting, but don't turn. Just continue to work in a continuous circle. Bind off as for Flat Panel knitting.

Item No.: TMX2005

Item No.: TMX2027 • Pom Pom Maker

Packaging: Double Blister Card, Material:PP, Size:5cm & 7.0cm & 10cm

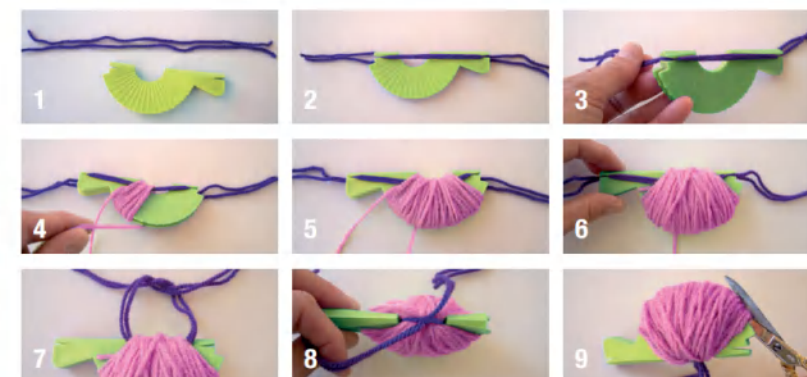

Cut 2 threads to a length of around 20 cm (step 1), take these two threads and fit them into the notches on either side of the pom-pom maker (step 2 and 3). You should now have the same length of thread on either side. Start to wind the yarn around the pom-pom maker, working from left to right and back again, layering the yarn as you go (steps 4 and 5). Continue until the notch on top of the pom-pom maker is completely filled up with yarn (step 6). Remove the ends of the yarn you started with from the notches and tie together (step 7). Make sure the knot is tight (step 8) and then tie again. Position the point of the scissors in the gap at the edge of the pom-pom maker (step 9) and snip the yarn in two along the upper edge. Trim the pom-pom. **TIP:** If you like, you can make a second pom-pom and then tie the two halves together to give a much fuller result!

Item No.: TMX2014 • Sock Loom

Packaging: Color Box, 60-pin Adjustable Loom Loom Hook Yarn Needle

Packaging: Color Box, Enjoy loom knitting with the entire set of looms. From the 5-peg spool knitter to the 62-peg long loom, you are sure to have fun with every project!

Item No.: TMX2029 • Pom Pom Maker

1. Unfold the yarn strands neatly.
2. Take the white tie string and place its middle inside the fork. (Hold this "Tie String" away from wrapping process)
3. Drape one end of the yarn bundle over the pom pom maker as shown.
4. Securing the end of the bundle with your thumb, start winding the yarn around the pom pom maker. (Not too tight) The yarn should catch nicely in the grooves.
5. As you continue to wind the yarn around the pom pom maker, vary the angles as you wind, but leave the slot open.
6. You will end up with a ball-like structure of yarn wrapped around the pom pom maker.
7. Wrap the "Tie String" tightly around the center of the yarn and make a double knot.
8. Fit the blade of a sharp pair of scissors into the groove along the circumference of the pom pom maker. Snip along circumference. Be careful not to cut the "tie String."
9. Repeat on the other side.
10. Slip pom pom off of pom pom maker.
11. Wrap the "Tie String" around again even more tightly, and tie a double knot.
12. Fluff out the pom pom, and trim any uneven ends.

Bobbin automatically
stops winding when full!

▲ Item No.: TMX5023 • Portable Bobbin Winder

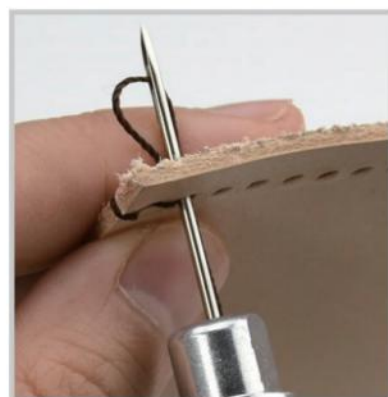

Size: 13.8x7.5x9.2cm

One: Lift up spindle to fully extend. Insert spool of thread onto spindle.
Two: Follow directional arrows and wind thread around thread tension disk. **Three:** Pass end of thread through hole in bobbin, insert bobbin onto bobbin winding shaft, and twist bobbin gently until spring on shaft clicks into place. Make sure bobbin bar fits between top and bottom rims of bobbin. Press "on" button to start.
