These trays are made of guard against impacting glass fiber reinforced plastics, its edge of reinforcing iron bar can ensure that no deformation and cracking problem happened. It is unnecessary worried that the acid materials, filth in the food, its color or shape could not be changed. You can put it in the dishwasher to wash. It is fitted with separated pivot, which can make the air between the trays flowed freely and keep it dry quickly.

- ★使用时，请先用最上层菜墩板。
Please use the first layer on the top of chopping boards at the beginning.
- ★当用旧、坏后，可用刀沿“固定套”外表面上的透明“去板线纹”切割，上层菜墩即可去掉。
When it's wore out, you can cut along the transparent incising vein. And the top layer can be deleted.
- ★下一层新的菜墩又可继续使用，即方便又耐用。
The next new layer can be used again. Very convenient and durable!
