India Handloom Brand

The “India Handloom” Brand (IHB) was launched by the Hon’ble Prime Minister of India on the occasion of First Handloom Day on August 07, 2015 to endorse the quality of the products in terms of raw material, processing, weaving and other parameters besides social and environmental compliance for earning the trust of the customers. The “India Handloom” brand will be given only to high quality, defect-free, authentic handloom products to cater to the needs of those consumers who are looking for niche handmade products. The “India Handloom” Brand is aimed at generating a special market space and increased earnings for the weavers. Thus, the concept of “India Handloom” is to brand handloom products which are exclusively catering to the “quality” needs of the socio-environmentally conscious consumer.
