## Profile

Coco Fabric, a rapidly growing coir exporting company from the land of coconuts in India. It was established in 1956 and since then its growth has been meteoric. Within the few past decades, Coco Fibre has carved a niche among the world's coir exporting companies especially from the South East Asian countries. It is renowned for its customer service efforts and maintaining consistent quality of its products.

The proprietor of the company had the traditional background in coir related industry, which he handed over to the present generation without any inhibitions so as to help the industry create a mark of its own in the coir world. The predecessors of the proprietor were also in coir related industry, and rich experience they handed over from generation to generation has been very telling in the case of Coco Fibre for its rise and growth.

The present management of Coco Fibre is no exception in their legacy and heritage in inheriting the professional expertise in the coir industry. Moreover their uncompromising devotion to make Coco Fibre the world leader in coir products has been doing good to enhance the goodwill of the company both inside and outside India.

Today, Coco Fabric has its own PVC tufting unit for producing vinyl backed coir products in varying pile height from 15mm to 30mm both in the form of Rolls and as Door mats. The factory is having a production capacity of 4000 square meter per day.

Also Coco Fabric has their own manufacturing units for Rubber mats, Rubber Moulded Brush and Non Brush mats.

Coco Fabric has been participating in all major international Trade Fairs without fail to learn what the latest in coir industry is elsewhere. The success of Coco Fabric in winning the international market and surviving the competition are because of their direct presence in the international arena and finding out the trade secrets others adopt.

At Coco Fabric quality is always given the utmost importance. The company enforces strict quality control at different stages with the help of qualified inspectors who are trained by Coir Design and Trading Centre of the Coir Board of Govt. of India. The quality that exceeds all the international standards along with 100% commitment to ensure customer satisfaction to leave the competitors far behind.

# Facility

## Competence:-

Coco Fabric has own manufacturing units for Vinyl Backed Coir Products , Rubber Mats, Rubber Moulded Coir Mats and Polypropylene door mats rubber backed.

## Polypropylene Door Mats :

Coco fabric is fully equipped with the facility of manufacturing Polypropylene Door Mats with rubber backing. We use the imported high quality polypropylene rolls for producing these mats. The rolls are cut into required sizes and produce the mats in the sizes starts from 40x60 cm and up to 90x150cm.

## Vinyl Backed Coir Products: -

We have own manufacturing facility for Vinyl backed coir door mats and rolls. Our Vinyl backed coir rolls keeping standard quality level having the thickness varying from 15mm to 30mm. The rolls are offered in Natural , semi-bleached shades in 1 to 2 meter width up to 25 meter length. A wide variety of designs can be printed on the vinyl backed coir door mats and we have our own printing units.

## Rubber Mats & Rubber Moulded Coir Mats :-

We have three manufacturing units for rubber mats and rubber moulded coir mats. One unit produce all kinds of rubber moulded coir doormats in all standard sizes. The other two units are producing rubber mats like Rubber grill mats, Pin mats, hollow mats, Restaurant mats, Industrial mats etc.

15mm

17mm

20mm

23mm

PVC backed mat and rolls are made by tufting natural coir fibre into PVC backing. The vinyl backing provides anti slipping and ensures very low fibre shredding properties. The most advantage is that these mat can be easily cut to any size or shape providing a completely clean and safe edge that will not fray. PVC rolls are also available with a maximum width of 2 mtr can be produced in varying thickness of 15mm, 17mm, 20mm & 23mm. The printing can be made available on Natural or bleach base coir mat using azofree, fade-free water based enamel paints
