

Greenobags

COMBINATION OF TRENDS AND ECO-FRIENDLINESS

Introduction...

Since its inception, Greeno Bags has been setting the quality benchmark for the jute and cotton bag industry with its devotion to provide customers with the highest possible quality. We have always been a forerunner with our innovative jute products such as Shopping Bags, Fashion Bags, Beach Bags, Promotional Bags and others. We are equipped with advanced machinery from preparatory to finishing sections and have exceptional manpower comprising of highly skilled employees.

Despite being a relatively young company established in 2018 Greeno Bags is growing superfast by consistently supplying to around 25 big customers all over the world. As a result of their satisfaction and faith on our quality. Presently, we export around 100 percent of our total production which has been possible because of our steep focus on continuous modernization, concentration on high value-added products and strict quality control.

We believe in creating a long bond with all of our customers even after completion of product delivery and offer after-sales service that has resulted in making strong equity for our brand. We have always promoted a quality-conscious culture that is deeprooted among all sections of our employees and we feel proud as this contrasts us from the others in the industry. Our innovatively designed products have been highly applauded all over the world for their unmatched quality.

Based in Kolkata, India, Greeno Bags aims to extend its reach beyond the existing markets and wants to stay updated with the ever-evolving customer demands. For that, the company continues to invest heavily in sophisticated machinery and equipment and has modernized various sections of the factory and reoriented workforce.
