NEW 2020 COLLECTION

HOW DO WE MAKE IT *Easier?*

Taf Toys is an award-winning company that specializes in designing developmental infant toys that help to create a smoother parenting experience with a stylish touch. The company was founded in 1991 and as of 2019 Taf Toys can be found in more than 35 countries around the world. From the very first product collection, Taf Toys has established and continually reinforced a reputation for innovation, quality and originality.

Having worked closely with many families over the years, it has become clear that although being a parent is a wonderful experience, it doesn't come without its difficulties.

Consequently, we at Taf Toys focus to support these challenging times, offering a range of products that aim to meet the needs of infants and their parents, helping both undertake their daily routines with the fun, love and care that underpins our Easier Parenting strategy.

As a result we carry five 'Easier' categories, where each parent can find products that will make their daily parenting experience even more enjoyable.

It always has been a top priority that any Taf Toys developments meet all relevant safety standards, manufacturing under fair and honest working conditions, using top quality materials and modern production methods. We can assure you that whilst our products may change, these values never will.

Enjoy!
