

KEYROAD®
School Stationery

SCHOOL STATIONERY

2020

Study • Writing • Colouring

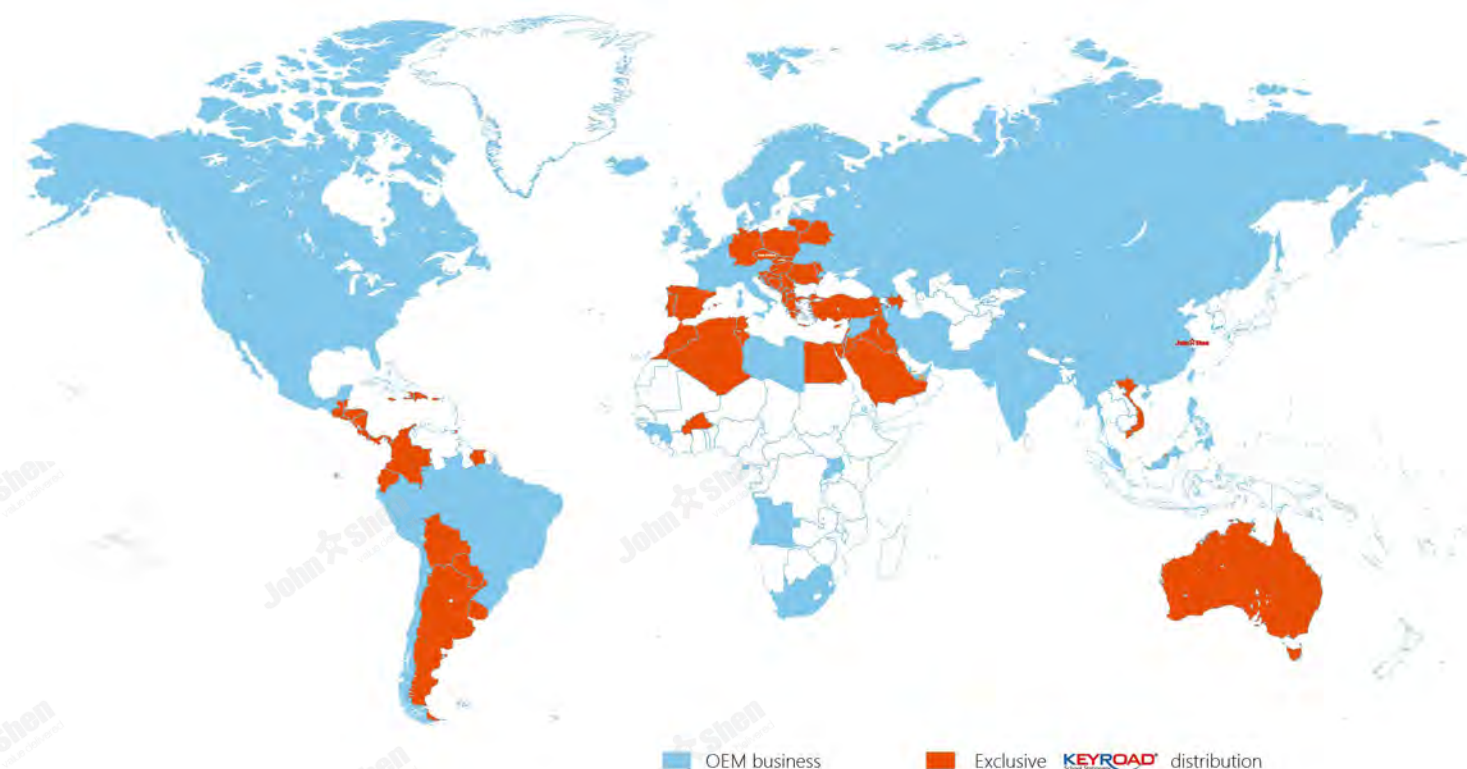

KEYROAD brand establish since 2008, after 12 years development, a creative and innovation school brand have been gradually familiar by the end-consumers from all over the world.

KEYROAD is owned by JOHNSHEN stationery group(BSCI certified) including our independent R&D team and supported by 5 manufactories which 100% owned by the group. Our global based clients are located in more than 60 countries where you also can find our Exclusive Distributor agents. It's our honor to say "Thank you, welcome to join our KEYROAD family."

KEYROAD provides perfect ergonomic design, non-toxic & high reliable quality products at competitive prices. Brand portfolio include school study tools, coloring and painting material, craft and creativity products. We successfully divide our product-category by different age-group such as 3+, 6+, 8+ and 12+ in order to meet the needs of specific age level children. As a result, we have built a close relationship with our partners in different fields of competence in order to promote KEYROAD brand awareness. We are always working hard to add more additional benefits to our consumers and provide added value for our brand.

We enjoy a high degree of creditability combined with successful worldwide communication and agent-distribution network. Looking forward to establish long-lasting business relations with your esteemed company.

The KEYROAD brand is currently sold in more than 80 countries worldwide, with exclusive agents in 60 of those countries.

The KEYROAD brand has a dedicated domestic and foreign design team to participate in the development and innovation research, and it continuously launch new products every year; More than 100 products have design Patents;

The KEYROAD brand has 5 JOHNSHEN Group wholly owned manufactories as production and development support.

100% of the products of KEYROAD meet the requirements of European EN71, part 1,2,3 and Phthalate test requirement.

The products of KEYROAD have gone through the incoming material inspection of quality control, and quality control in the middle and the end of production to ensure the quality of products.
