SPRING 2021

After the dark grey of winter, we all long for the sun and the friendly colours of spring. The snow slowly melts, the sky becomes bluer and the days longer again. The white flowers of the snowdrops sprout on the meadows and many small yellow and purple crocus heads stretch out on the still somewhat frozen meadow. In the bare trees the birds begin to chirp - spring is coming! Now it's time to revive spring indoors with cheerful accessories.
