LEONARDO

GLASLIEBE. PER SEMPRE.

NATURE!

Earth tones, natural materials and subtle geometries characterise this modern, country-home interior style wonderfully.

URBAN!

Clean lines and light hues mixed with urban decor elements define this modern Scandi-inspired interior.

POETRY!

Products in the colours pink, blue in combination with white and grey perfectly match the playful, romantic trend.

TREND UPDATE:

Natural living - cosiness & slow living

One's own four walls is a place where we want to feel very much at home with our family and friends. Individual interior style plays a major role while inspiring both the guests and the homeowners themselves.

The LEONARDO concepts have been designed, in terms of product shape, colour and material, to go particularly well with modern styles. They are easy to combine and not only encourage more sales with existing customers, but also attract new customers. After the introduction in 2019 and the expansion in 2020, a trend-based update of products, shapes and colours for MILANO and CASOLARE is now taking place.
