Spring/Summer 2021

WHO ARE WE?

← first of all, we don't
make chewing gum...

We're a small gift and games company based in London. We respond to pop culture trends by making fun products that are far from usual. Everything you see here is proudly made by us.

A MESSAGE FROM BUBBLEGUM HQ

Well, what can we say? 2020 has been a difficult year for everyone... but we got through it. And if you're reading this, chances are you did too. Give yourself a pat on the back!

We've been busy over the past 12 months in the only way creatives know how - by designing new products. We've continued to produce bestsellers, and we're looking to build upon the success of our environmentally-friendly plant-based line - Plant Name Badges and Plant Life Support.

And it wouldn't be an accurate summary of 2020 if we didn't talk about... Tiger King! Our Exotic President Puzzle and Exotic Coloring Book celebrate the big characters and bigger egos of the big cat community. These products are guaranteed to keep you entertained during a lockdown.

We've also got new games on the horizon, designed to bring people together (socially distanced, of course) for some light-hearted fun. And, even though he lost the election, we're not ditching our Trump products just yet. Something tells us he's not going anywhere anytime soon.

We've taken the opportunity during the 2020 lockdown to reflect on what's important to us and our customers - fun. So the products contained in this catalogue are representative of just that.

Moving into 2021, we're grateful for your continued support, and we remain optimistic about this coming year. After all, it can't be worse than 2020!

QUICK-FIRE GAMES

TRUMP NEWS GAME™

KANYE NEWS GAME™

It sounds like a simple quiz game. Listen to the quote and decide if it's real or fake. But hold up, this is The Donald we're talking about. And that's what makes the Trump News Game harder than rigging an election.

For this ludicrous true or false game, we've collected quotes from Donald Trump's Twitter, his press conferences and his locker room conversations. Seriously, you won't believe what we found...

Item: 18114
Case pack: 12 units
Prepacked in CDU
Dimensions: 12.5 x 8.3 x 2.2 cm

For this biblical true or false quiz game, we've collected quotes from Kanye's Twitter, interviews and lyrics. As a proud non-reader of books, he prefers the spoken word. Which made it difficult to decide what quotes to keep and what quotes to leave out.

Be warned: if you cheat or win by any means other than merit, Yeezy might show up and say that Beyoncé deserved it more, traumatizing you for the rest of your life.

Item: 18116
Case pack: 12 units
Prepacked in CDU
Dimensions: 12.5 x 8.3 x 2.2 cm

CARD DASHING

Can you keep up with the game? This super speedy game requires 2 important skills. Firstly, that you have the reactions of a kat (see what we did there?!). And, second, that you can instantly recognise each and every Kard-Jenner face.

Following the rules of the well-known games of Dobble and slapjack, you've gotta be the quickest to match the famous faces of America's favourite family to win.

12.5 x 11 x 2 cm

TOP DRAGS

Top Drags is the top trumps card game for fans of RuPaul's Drag Race. We've rated these glamazons out of 10 for charisma, uniqueness, nerve and talent. From Kim Chi, to Bianca Del Rio, to the infamous Miss Vanjie, this drag race game has the sassiest lineup in herstory.

Top Drags is a sassy take on the classic card game where only the sassiest showboats win. So, good luck. And don't f*** it up.

Weird Crushes
HOLLYWOOD HUNKS

Weird Crushes - Hollywood Hunks is a celebration of those weird celebrity crushes we've all got hidden away. Those guilty pleasures that are usually shut down with a disgusted, "Wait, what? Really?!" Decide what acts Diddy did and what acts Diddy didn't do in P Did He? - the true or false hip hop trivia game. This rap battle starring P Diddy isn't simply a yes or no game. Because every story that doesn't involve the hip hop mogul involves another rapper. And if you can identify which one it is from the story, you'll get 3 points instead of 1. Baller!

Who says the hours spent scrolling through the *Daily Mail Showbiz* section is wasted time?!? Prove them wrong and put all that celebrity gossip to good use in *Celebrity Scandals*: the quotes quiz based on famous peoples' perverse behaviour. Who's got tiger blood? Who didn't have sexual relations with that woman? And to whom does Kim Kardashian owe life? It's fair to say, these scandalous quotes have become equally as iconic.

Guess the unlikely past jobs of your favourite A-list celebrities with the *Celebrity Résumé* card game. Choose from one of four options on the front of the cards, then flip to reveal the true past jobs, along with the reasons why they were employed in such 'normal' roles. It's a multiple choice celebrity quiz.

CAN YOU SPOT THE VEGAN PRODUCTS?

This is a thoroughly woke true or false game for the modern era, a whole game dedicated to the popular plant-based diet. So, what are you waiting for? Get your fellow hemp-wearing hacky sackers together and settle in for an educational game of Vegan Not Vegan.
