

ABOUT WITTS DESIGN

Witts Design, was founded in 2014 by Michelle and Stephanie Witts. This mother daughter team came to life in the midst of both designers studying for a Bachelor of Arts in Textile Design.

Their designs are inspired through what they see and experience in the world around them. This allows them to explore everything from urban city life to the rural parks in the country.

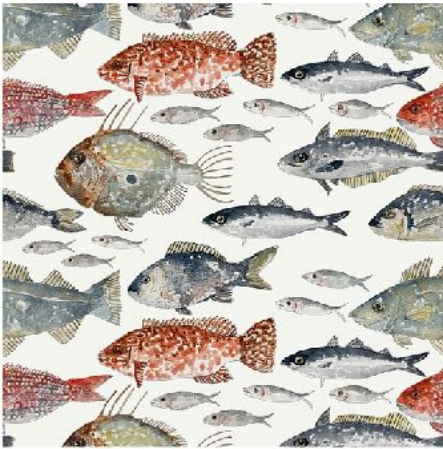

Traditional methods such as screen printing, alongside the modern digital techniques of using photoshop are incorporated into the process of creating such elegant designs.
