DISCOVER OUR NEW TRENDS

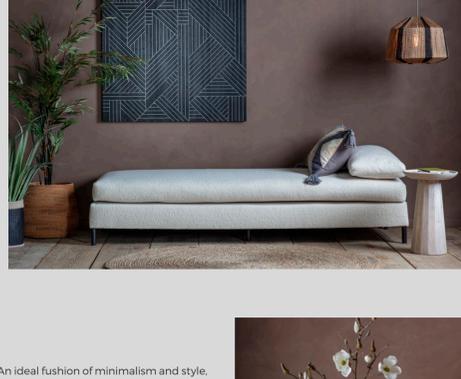

Combining everything opulent and sophisticated, including the finest marble and top grain leather, to bring together one of our most refined collections yet. With inspiration from the most luxurious hotels and interiors, this trend has been for large and smaller projects. Blending products from across our categories allows for the creation of complete roomsets that exude luxury, with large leather corner sofas creating a focal point while our extensive new range of accessories help add the finishing touches.

With a relaxed palette of pale tones and soft hues, our Retreat trend encompasses natural textures and materials to bring the outdoors inside. With decorative mirrors for decoration, this is the perfect trend for this lighter interior spaces. Cozy spots are an essential for this trend and our new soft furnishings collection has everything you need, including beautiful cushions and throws featuring a relaxed, neutral colour palette.

Create an oasis of calm with our Orangery trend, which features natural materials and hues. Wood, leather, bamboo and stone combine perfectly for a relaxed, lived-in feel or introduce a touch of black metal and glass to add a contemporary twist to the look. Textured cushions in muted natural hues add comfort and cosiness, whilst mirrors bring light into room to help create an airy feel. And for the finishing touch, feature faux plants in baskets or rustic planters to bring a spot of the outside indoors.

An ideal fusion of minimalism and style, our new Japandi trend combines the elegance of Japanese influences with the simplicity of Scandinavian design. Our simple yet stylish wooden frames with textured oriental-inspired detailing will add a touch of seamless Japandi styling to any interior whilst embracing the natural beauty of its materials.

Embracing all that is weird and wonderful, our new Curious + Chic trend offers an eclectic array of unusual pieces with unique, quirky designs and oddities. With a deep colour palette and the injection of bright metal finishes, this trend is full of curiosities which will add excitement into any interior. Our wall décor collection features an exclusive art range including unusual animals and playing card prints to add the finish touch of individuality to your interior.
