# COSHH E-Learning Platform

The Cleanline COSHH training and product resource website is a free e-learning tool for customers using Cleanline for daily cleaning tasks. It delivers up-to-date COSHH awareness training to individual users in less than fifteen minutes via a series of short videos and multiple choice questions.

The videos provide clear information on key topics such as safety rules, CLP labelling, hazard symbols and emergency first aid measures. Successful completion of the training is automatically flagged to a customer administrator, who can access and download user reports via the Admin tab.

Perfect for regular COSHH awareness training or completed as part of an induction; new starters can be COSHH aware even before stepping on site.

Please contact your local representative for registration and login administration rights
