SPREADING JOY AND POSITIVITY THROUGH SUSTAINABLE GLITTER

Glamavan Limited was established in 2017 by founder Toni Cassidy as a children's pamper party service. In 2018 we launched our eco-friendly glitter bar service for weddings, parties & events.

In 2019 we launched children's slumber parties and our own brand of biodegradable glitter products. In 2020 we launched Virtual Pamper Parties as featured in Forbes, The Sunday Time's & The Daily Express and we established a collaboration with the iconic household name Rubik's Cube, to launch our Rubik's x Glamavan Eco Glitter Gift Set.

We are also official licensee's of Bioglitter that proves we source from official biodegradable glitter suppliers for customer reassurance.

OUR PACKAGING

All our glitter is packaged in Eco-friendly packaging

We use a number of different types of packaging that stick to our ethos of being eco-friendly which means they are either biodegradable or recyclable.

ALUMINIUM TINS

Our glitters and glitter gels are packaged into aluminium tins and are vegan friendly.

CARDBOARD TUBES

Our glitter sets are then packaged into cardboard tubes with shredded cellophane which is biodegradable.

Our tins & cardboard tubes are sourced from the UK, who meet the highest ethical, social and environmental standards.

REFILL PACKETS

Our refill packets are a unique grade of paper that is 100% Recyclable and biodegradable.

LABELS

Our labels are paper using a minimal amount of printer ink that would declare the waste product non harmful to the environment.

INK

Our stamping method on our cardboard tubes use vegan friendly ink as it contains vegetable oil and no animal products.

SEAL BAG

Our re-closable seal bag are marked with a green line so you can be assured these bags are biodegradable, they have been tested to degrade 15% a year, we use these for the 50g or 100g glitter orders.

KRAFT PAPER POUCH WITH TRANSPARENT WINDOW

Reusable Ziploc Grip Seal Bags for customers wanting to purchase in KG's.

GLITTER MADE FROM PLANTS NOT PLASTIC

PRODUCT INFORMATION

OUR GLITTER PRODUCTS ARE BIODEGRADABLE COSMETIC PRODUCTS

Our glitter products have been sourced from award winning manufacturers in the UK and have undergone numerous tests in order to prove they are certified as biodegradable in the natural environment.

Our glitter is predominantly made from modified regenerated cellulose like eucalyptus trees and not plastic.

Our **high shine range** is vegan friendly and contains less than 0.1% Of aluminum which gives the glitter its 'high shine'. There is a small 8% of plastic, however it passes the biodegradable testing.

Our **softer range** is not vegan friendly, but it is aluminum free and 100% plastic free.

Glamavan's glitter gel is made up from aloe vera leaf and is suitable for vegans.

All of the products we sell have not been tested on animals.

Our glitter is free of the 14 common food allergens.

MINIMUM ORDER QUANTITY

We require stockists to order a minimum of £200 per order.

ORDERING PROCESS

Until we set up your online account, please email your order to glitter@glamavan.com

We will check your order is in stock and send you an invoice for payment. Once your payment is received we will package and ship your order.

SETTING YOUR PRICE

Stockists are required to sell the products at our online price which is shown on our price list. You may price higher if you wish to do so but never below.

SHIPPING COSTS

If you are in the UK we will send your products to you via the post office second class to be signed for

If you are international we can give you a quote to your destination

The cost of your shipping will be subject to your order, weight, size and destination and this will be quoted to you before sending

SHIPPING TIME

We aim to package and send your order within 7 working days of receiving your payment, we do not ship on weekends or bank holidays.

PAYMENT

We accept bank transfers, details of account and sort code will be on your invoice. If you wish to use PayPal please contact us - a PayPal 3% fee will be added to your invoice.
