

Made of Britain

Spring 2021

WE ARE UNIQUE!

We exist to make a positive impact. We are artisan designer makers and beekeepers, passionately creating high quality products to help protect our environment. 'The Great British Bee Co' was established to create a lasting funding stream for UK research centres investigation honeybee health and we give 10% of our profits.

We are very proud that the long standing passion and integrity behind our efforts is being recognised throughout the UK and Internationally!

OUR PRODUCTS

Our products all celebrate and support the glorious British countryside. They are sustainable, ethically sourced and environmentally sound. We have a 100% British sourcing policy and ensure we support UK growers through our product ranges.

Our commitment to minimising our environmental impact underpins everything we do and we exclusively use recycled and recyclable componentry, packaging and shipping materials.

Our Hand care, Home Fragrance and Gift Ranges are all designed to be genuinely unique and attractively priced.

PALM FREE SOAP

Raw Honey Bar Soap 95g

The newest edition to our family of Hand-care products is our ultra mild bar soap made with raw British honey.

In keeping with our environmental concerns we've formulated the soap to be 100% free from:

- Palm Oil
- Plastic
- SLS & Parabens and packaged it in recyclable kraft board packaging.

Initially we have made six fragrance SKU's available and will add more this year.

BS00 - 24 Unit Variety Box
BS01 - Honeysuckle
BS03 - Lavender
BS05 - Gardeners
BS09 - Melissa
BS10 - Honey & Oat
BS12 - Fragrance Free
