

# New Collections for 2023

Foxwood  
Home

The English Tableware Company brand epitomises everything great about British Design – using natural forms and illustrations to create gorgeous giftware and accessory collections for the home.

Our aim is to make every product special, paying particular attention to detail and carefully sourcing each product for quality.

Have a holly jolly Christmas with the delightfully cute Christmas Gonk collection

☆ Pre-order collections only ☆

CHRISTMAS GONK

**David Mason Design** has over 50 years' experience in the production of mills. All designed in the UK.

Our expertise in technical innovation, quality and design combine to bring you classic and contemporary salt and pepper mills.

**Quality**

We only use the finest grade materials. The design, manufacture and production of our mills is tightly controlled to ensure quality throughout the process. All the mills are tested to the highest standards.

**Mechanism**

The mills incorporate a ceramic copyrighted 'spring tension' system. This helps with the adjustment of the grinder via the screw knob for either pepper or salt depending on what is being used in the mill. Turn the screw knob clockwise to tighten the mechanism and produce a fine grind and turn anti-clockwise to produce a coarse grind. To re-fill the mill, fully un-screw the knob and take off the top.
