MEXICAN CERAMICS

These stunning hand crafted ceramic trees have been made by highly skilled artisans in Mexico and have an exquisite level of detail. Each element has been hand painted and attached to the main design by wire to create a vibrant tree of life display. The Giant Arbol de Vida trees stand at 53cm high and would make a beautiful feature piece.

Kalagas

The newest additions to our showroom are a
collection of elaborately embroidered artworks
called Kalagas. They have stunning applique
elements and have been hand-embellished with
sequins, beads and metallic threads. They can
take weeks or even months to complete due to
their intricate nature.

MEET THE MAKERS

Visting the suppliers we work with is hugely
important to us and we try to get out to see them
a few times a year. Earlier this year we were lucky
enough to meet with the talented makers in Nepal
and seek out exciting new products.

Later this year we are planning a trip to Mexico
and Guatemala, with another trip to Bali pencilled
in for next spring.

After 40 years of trading, we are proud of the fact
that we have established good and long lasting
relationships with these suppliers. In many cases,
we have become good friends with them too!

Our relationships are based on mutual respect and
trust, and over the years we have been privileged
to meet and work with some wonderful, skilled
people and visit some truly amazing places.

*Celebrating the colourful Holi Festival
in Nepal with a supplier we have
worked with for over 30 years!*
