

wudimals

At K-Play, we have over 25 years of experience in working with the toy & gift trade. From small market stalls through to multi-national stores, whether they be bricks & mortar, mail order or online, distributors, wholesalers or importers. We develop products for the U.S. and other markets.

As a manufacturer, distributor, importer and exporter ourselves, we are well aware of the detail required to get product moving.

Wudimals® are our own range of eco friendly wooden animals - aimed at age 4-9 and made sustainably from wood. They are ALL **recommended** by the independent Good Toy Guide. The experts said *"These wooden collectible animal figures are fantastic for open-ended and imaginative play, which is the superfood of a healthy play diet. The animals also feature beautiful detailing including ridges and curves which makes them very tactile and calming to touch. They proved very sturdy too, standing up to vigorous and messy play."* They also carry the Lion Mark for quality and safety.

As part of our commitment to the environment, **Wudimals®** is a brand member of One Percent for the Planet. One percent of all turnover (not profit!) goes to support organisations working to save the habitat of the animals we sell or to promote social justice causes.
