## **Double Sided Tapes**

We have available a host of double sided tape products to suit all requirements.

Check out our new Easy Lift/Easy Use Double Sided Tape. One of the frustrations of using double sided tape is the difficulty of peeling back the liner. We have produced this superb product that has a wider liner than the double sided film. The result is that you can quickly and easily peel away the liner. Job done – no frustration!

We also have a Double Sided Tape on a mini dispenser that has no liner – peel off and stick.

As well as these Double Sided Tapes, we have our best selling General Purpose Tape, Sticky Foam Pads, Hook & Loop Pads and Tape.
