Aspin Software Pty Ltd (07) 3123 6392 info@aspin.com.au Every sales representative would work more efficiently if they had access to updated customer account information, could omit the daily admin and leave the heavy catalogues behind. Your head office staff will breathe a sighs of relief as the phone calls requesting stock levels disappear and orders are electronically imported into the back office system with no intervention required. With PixSell, this is will be a reality for both mobile sales teams and head office - reassurance that reps are fully equipped to sell.

Sales benefits

- · Increase order value and accuracy, and see more customers in a day
- Help your customers make positive buying decisions based
- on their buying history
- Accurate pricing for each customer as per your back office
- No more calls back to head office to ask for customer account information
- · Send orders back to head office after each call

Catalogue benefits

- Catalogue is always up to date
- · Associate products to create 'up-sell' and 'cross-sell' opportunities
- See what's in stock, and what's not
- Add items to order via 'tap to add' or barcode scanning
- PDF attachments and offline video links

Integration benefits

- · Process and dispatch orders faster
- Reduce cost of order processing
- Reduce data entry in man hours
- PixSell does not access your ERP system
- Track each PixSell transaction via PDF confirmation and online reporting
