

JARDINOPIA - ABOUT US

With a passion for gardening and a love of the outdoors, when not working, we are usually either outside digging in the garden or walking our labrador Evie in the beautiful Devon countryside that we have made our home. Both our children are now grown up, and about 5 years ago we found time on our hands to plan 'what next?'

Utilising our business experience working for large corporates for over twenty-five years, we decided to create a multi-brand home and garden gift-oriented company that offered innovative new designs for practical and utilitarian products – affording something different for people that enjoyed a similar lifestyle and ethos, or that were perhaps looking for an unusual and competitively priced gift for friends and loved ones. We were determined to design and manufacture all of our own products in an ethical and sustainable way – and not buy *'off the shelf'*!

To commence the Jardinopia journey, we developed and custom-designed a range of plant pot feet under the company brand 'Potty Feet', which we think appropriately reflected our quirky but useful product. Our now multi award-winning Potty Feet come beautifully presented in 100% recycled craft card packaging, and make ideal gifts all year round and for any occasion. We then launched our sister brands 'Cane Companions' (award winning); Feeder Friends (award winning), Pot Buddies & Daisy n Jack - and we sell to both trade and direct to consumers.

Another reason for establishing Jardinopia was to create a vehicle through which we could actively support worthy causes close to our hearts. We therefore donate a portion of our profits (dependent on the brand) to causes that are important to us.

Over the next few years we will be launching many new additional brands of home and garden gift related products for both adults and children – all designed and produced by us – We are delighted to introduce our **Daisy n Jack Garland Range** here.

We try to source, package and protect our environment in a responsible and sustainable way at all times. Please take a look at our current designs and brands, and keep an eye out for constant new arrivals!

GARLANDS

Our uniquely designed Daisy n Jack **Garland Range** arose from an idea to decorate our stand at RHS Chelsea Flower Show a few years ago in a way that reflected our quirky and gift-oriented business. We therefore hung miniature tools on jute string across the stand by way of 'shop dressing'.

We had so many people asking to buy them at the Show that we decided to make them commercially for sale. We now have 6 different products in the range with many more to follow.

Daisy n Jack Garlands are designed to hang inside or outdoors and can be used in sheds, potting areas, conservatories, greenhouses, or even from mantelpieces and fireplaces – anywhere that can be used to hang a garland that you want to brighten up a little.

They are made from 100% FSC approved mango wood and recycled metal. Each is hand made and comes in a 100% recycled craft card gift box, making them an ideal present for any gardener, whether for Mother's Day, Father's Day, Birthdays, Christmas, a teacher present or Easter. Maybe just treat yourself! You get 5 'tools' on a 5 feet long jute string.

DAISY N JACK – 'BUCKET DESIGN' (BRONZE)

Size: 5 Feet Jute String. Tools c10cm Long

Product Code: DNJTOOLS1

Set: 5 x Garage Tools on Jute String

Colour: Bronze

Packaging: Gift Boxed

HOME AND GARDEN GIFTS

The background of the award announcement features a light blue and green color palette with faint, artistic illustrations of garden tools and foliage. On the left, a green watering can is shown. In the center, a green watering can head is visible. On the right, a green garden fork is shown. The overall aesthetic is clean and modern, with a focus on gardening.
