

EARTH SQUARED
FABULOUS & FAIR TRADE

Spring
2023

Earth Squared

PRIORITISING PEOPLE & PLANET

Fair trade is why we started and continues to be at the heart of what we do.

But we are also doing our best to reduce our impact on the planet including the following new initiatives.

New packaging

For Spring 2023 all products will now arrive with you in entirely biodegradable, compostable, recyclable and marine friendly Eco Garment Bags.

Designed so that products reach you in perfect condition, these bags use Hydropol™ to biodegrade entirely after use – they look like plastic and protect like plastic but with zero end of life problems.

For more information please visit www.ecogarmentbags.com

Giving back

We are supporting a number of initiatives including tree planting and plastic collection in partnership with GetGreenspark – all with the aim of reducing the impact of our carbon footprint.

Look out for further developments on our website in Spring 2023, so that you too can choose to support these initiatives when shopping.

For more information about how we are supporting these initiatives, please visit www.getgreenspark.com

And more to come... we will be introducing 100% recycled lining for the second half of this year, and Autumn will see new collections using 100% recycled fabrics.

Spring 2023

Welcome to our new brochure for Spring 2023!

The prospect of sunshine and longer/warmer days always brightens the mood, and we have a fantastic selection of brand new accessories, designed to be the perfect companion for days out near and far. Whether it be backpacks, crossbody bags, or something for a more formal occasion, we have something for everyone.

We design everything in-house – to create fabulous fashion accessories that make life just that little bit easier. Plus 'fair trade' is at the heart of what we do, and you can be sure that every purchase makes a huge difference to those we work with.

Thank you for your support, and if we can help with anything, please get in touch.
