

I.T.I. (UK) Ltd

Family of balloon and party brands...

I.T.I. (UK) LTD: PROFILE

In 1984, Dennis Payne (with many years experience of the Balloon market already under his belt) was invited to become the UK and Republic of Ireland Distributor of latex balloons manufactured by Latex Occidental in Mexico; hence the birth of I.T.I. (UK) Ltd.

Latex Occidental is the largest balloon manufacturer in the world producing millions of balloons per day and exporting to over 100 countries. Size is one thing, but age and experience is another; the company is one of the longest established balloon manufacturers in the world.

Latex Occidental remains at the cutting edge of latex balloon technology, producing products of the highest quality, meeting international standards (including all EU requirements) and ensuring that the 'World's consumer' is able to buy a product that is safe, of excellent quality but at an affordable price.

Latex Occidental is committed to protecting the planet by using state of the art technology to produce balloons of the highest quality from 100% biodegradable natural rubber latex harvested in a sustainable manner from Rubber Trees (*Hevea brasiliensis*). The company is constantly seeking ways to reduce its carbon footprint and promoting safe practices in the use of balloons.

I.T.I. (UK) Ltd imports millions of balloons from Mexico every year, which are distributed from our warehouse in Colchester. The enthusiastic team at Colchester have well over 100 years of combined experience within the Balloon trade and are there to fulfil your every requirement for latex balloons.

The key to our success is:

- Personal attention
- Knowledge of the product
- Knowledge of the market
- We are specialist latex balloon suppliers
- We are competitive in quality, price and service

Another of our strengths is customisation. For volume production we are able to capitalise on economies of scale in Mexico. For short runs and highly specialised requirements we are able to use our expertise and fulfil the client's needs, locally in Colchester.

Our network of sister companies throughout Europe allows us to minimise stock delays, extend our product offering and remain constantly abreast of developments in the EU.

You will see from the catalogue that the range is not only huge but also comprehensive. We have within our stable the oldest and strongest latex brands in the UK market – Fantasia, Globos and of course Latex Occidental's world wide brand – Globos Payaso. However, we do not sit on our laurels and are constantly looking at introducing new products. To this end we have sought to complement our Balloon range with a range of Party Products under the Globos brand.

Latex balloons were first produced in the UK in 1847 and since then have become an established favourite as a fun product for all ages. I.T.I. (UK) Ltd now reflects and embodies this spirit of enjoyment in supplying balloons and much more to our valued customers.
