OUR PURPOSE

We are ARRAN - Sense of Scotland and our purpose is to help the world connect with nature.

Taking time out, slowing down and connecting with nature is known to improve both your physical and emotional wellbeing. When you connect with nature you can find the balance and beauty in every day, benefitting both you and the impact you can have on the world around you.

On the Isle of Arran we are proud of our unspoiled way of life. Living in touch with the simple elements that inspire and connect us, where the cold sea, vibrant land, and our fresh spring water from the rugged hills bring comfort. Here you'll find the moments that capture the true sense of Scotland.

Discover nature inspired wellbeing and transport your mind to our unspoiled island home.

Making our **Products**

Fuelled by the wild, untouched landscape of our island, our products are designed to connect the world to the wellbeing benefits of our unspoiled home, with fragrances that capture a moment spent in nature.

All of our products are made with carefully chosen, high quality ingredients, prepared to the highest standards and produced on the Isle of Arran.

THE ARRAN **SUSTAINABILITY PROMISE**

We're committed to protecting our natural environment.

Our bottles are made from 100% Prevented Ocean Plastic (POP). This is recycled plastic collected from coastal areas at risk from ocean plastic pollution. Since its inception in 2019 the POP programme has prevented more than 2.5 million bottles entering the world's oceans.

TAP (Think About Plastic), is a local organisation we have been working with that is focused on keeping plastic off our coastline and out of our seas. We are proud to support the 'Plastic Free Community' status of the Isle of Arran.

Our online distribution centre is 100% Carbon Neutral and utilises fully recyclable web packaging. As we continually reduce our Carbon Footprint all our manufacturing sites are moving towards using 100% renewable energy, an important step in our sustainability journey.

ECO-FRIENDLY **REFILLS**

Reducing plastic consumption by up to 76%

While we as a business are eliminating the use of virgin plastic in our bottles, we are helping our customers reduce their daily plastic consumption with the introduction of our 1L & 2L refill options, available in a selection of our bestselling products.

Contact sales@arran.com today for further information and pricing.
