

Empire

Anton Studio Designs' Empire Collection is highly sophisticated! Mouth blown and hand crafted, the bowls of each glass have a modern shape with a flat base, rounded corners, and angled sides which taper inwards. All this is brought to life and made even more stunning still by the complementary, fine, vertical optic which runs up and down each bowl.

This large collection comprises everything from wine glasses to trifle bowls, and champagne saucers to shot glasses... and plenty more besides!

All the items within the collection are smartly gift boxed, making for a fantastically large suite, suitable for both gifting and self purchase.

Empire Blue

Empire Blue is a richly coloured variant within the Empire family.

Applied as an ombre effect, the deep, rich blue is visible as a solid colour at the base of each bowl, though slowly fades away as you ascend the glass, leaving behind nothing but clear glass in all its brilliant transparency.

This mixture of clear and colour, enables you to both enjoy the colour of your drink, but also adds a little extra flair to your table.

Available in an assortment of stems, tumblers, and the water carafe also, Empire Blue is a versatile range, be it for just a glass of wine, pitcher of water, or a full table service!

Each of the drinking glasses come gift boxed in pairs, with the water carafe gift boxed individually too.

Empire Amber & Smoke

Empire Amber & Smoke further broaden the offering within the Empire assortment.

Their carefully chosen warm amber and rich smoke colours have been applied in such a manner that the colour creeps up the bowl, fading as it rises, finally exposing nothing but its thinly layered optic.

This ombre effect gives a beautiful blend of colour and class, which lends itself perfectly to the distinguishable Empire shape.

Gift boxed in pairs of matching colours, smoke and amber Empire is available in wine and gin glasses, along with the DOF tumblers.

Björn

From the top of each piece's rim to bottom of its foot plate, the Björn collection is the quintessential definition of 'contemporary' and 'Scandi' design.

Björn's signature stem is instantly recognisable. Made of a single column of glass, wide at its base, and tapering as it rises, it is decorated throughout with white chips, hand rolled into the glass; instantly giving each piece a unique finish.

Balancing this out is the foot plate, which whilst often overlooked on many-a-glass, Björn draws focus onto it by giving it depth and weight.

Lastly are the bowls themselves – beautifully rounded and clean-lined, their simplicity nestles effortlessly upon a glass that brings presence to the table.

Comprising flutes, wines, gin cocktails and hiball tumblers within the range, each pair comes smartly gift boxed.

Wave

Taking its name from the tidal, metallic peaks flowing around each glass, Wave is a stylish way to add gold and silver to your table... and to your drink!

Gently rising and falling, as the design navigates its way around the glass, both the gold and silver are bright and polished, thus giving a reflective, mirrored finish. It is added in a manner so that it does not obscure your drink, but instead, accents, the glass, its contents, and the setting in which it is placed.

Within the gift boxed pair, be it the wine glasses, champagne saucers, gin cocktails or DOF tumblers, each of the glasses have a differing design, so to mimic the free-flowing reality of actual waves.

The gift boxes too have been given elements of gold and silver, with the 'ASD grey' trim being changed to gold or silver, so to match whatever is inside!

Palazzo

With its stunningly long stems, and slender profile, Palazzo is as elegant as it is tall.

Palazzo, with its height, colour and style is a sophisticated collection, made up of flutes, wines, gins, champagne saucers and tumblers, all of which are gift boxed.

Gala is a wonderful mixture of style and colour.

The colour element is plain to see without being overbearing nor distracting from the shapely bowl... or, importantly, what goes within!

The brilliance of the stems are highlighted further once you pick them up, as they have been specially designed to be extra fine - giving them a lighter weight and feel of sophistication.
