Bringing the family together

Twiddlers started as a twinkle in the eye of our founders, a shared little spark, that grew into something big. They wanted to create something fun and magical that got families sitting around the table together or made children's eyes light up with joy when they opened their presents. Twiddlers began as a dream, and now it makes dreams come true.

FAQS

What age groups are your products suitable for?

All our age suitability recommendations can be found on our product listings and packaging. Our products span quite a broad range of ages, so please check the individual item recommendations before purchasing.

How do I know which products are safe for young children?

All of our products are submitted to rigorous safety checks and testing but please take all necessary precautions and always double-check the label on your product. If you're unsure, please contact our customer service team.

How do I place an order?

Simply get in touch with our helpful sales team and they'll guide you along the way.
