We love everything about donkeys from their loud hee-haw to their fluffy ears. We've adopted the very cute Peanut at The Donkey Sanctuary to support the amazing work they do.

THE DONKEY LINE-UP

The donkeys have been up to mischief on the farm again, the only problem is which one was the ringleader this time? One thing's for sure, they're all pretending to be perfectly well behaved now!

We always see an abundance of very busy bees gathering nectar and pollen from the lavender. This design was inspired by watching them dancing among the pretty purple flowers.

We had to include a majestic stag in our collection! This design was inspired by the golden light of a misty autumn morning as the sun begins to rise.

THE INSPIRATION BEHIND THE PHEASANT PARADE...

We couldn't leave out this icon of the British countryside. Pheasants are regular visitors to our farm, and we often see them darting through the golden grass during our walks.

THE INSPIRATION BEHIND THE FAITHFUL FOX...

Our local fox family had to be featured in one of our designs of course. If you're very quiet and still, you might see Mrs. Fox peeping out of the den high on the hill next to the paddocks.

around the farm. From our resident
robin to the cheeky sparrows
chattering outside our workshop.

THE GARDEN GATHERING

We see an abundance of British garden birds all over the farm, and they inspired this classic design. Can you spot the robin who lives in ex-racehorse KD's stable?

THE INSPIRATION BEHIND THE SUFFOLK PUNCH...

Our neighbouring county of Suffolk is home to the oldest English working horse: the Suffolk Punch. We are passionate about raising awareness of this heritage breed, which is rarer than the giant panda.

THE INSPIRATION BEHIND THE HOPEFUL HARE...

This design was inspired by a hare couple that we spot frequently here at the farm, and they seem very much in love... We sometimes catch this cheeky pair hopping past the workshop, but not for long as they're very shy.
