LIGHTING

Spring / Summer 2024

Uyuni Lighting is proud to present a range of candles with cutting-edge LED technology like no other. A realistic flicker you simply have to see for yourself.

## An Inspired Collection

Uyuni Lighting found its name in the enchanting reflections of *Salar de Uyuni* in Bolivia. It is here, in the opulent star-studded night sky, that our designers found inspiration for the Uyuni LED Candles. They dared to dream of bringing the allure of these distant galaxies into homes across the globe.

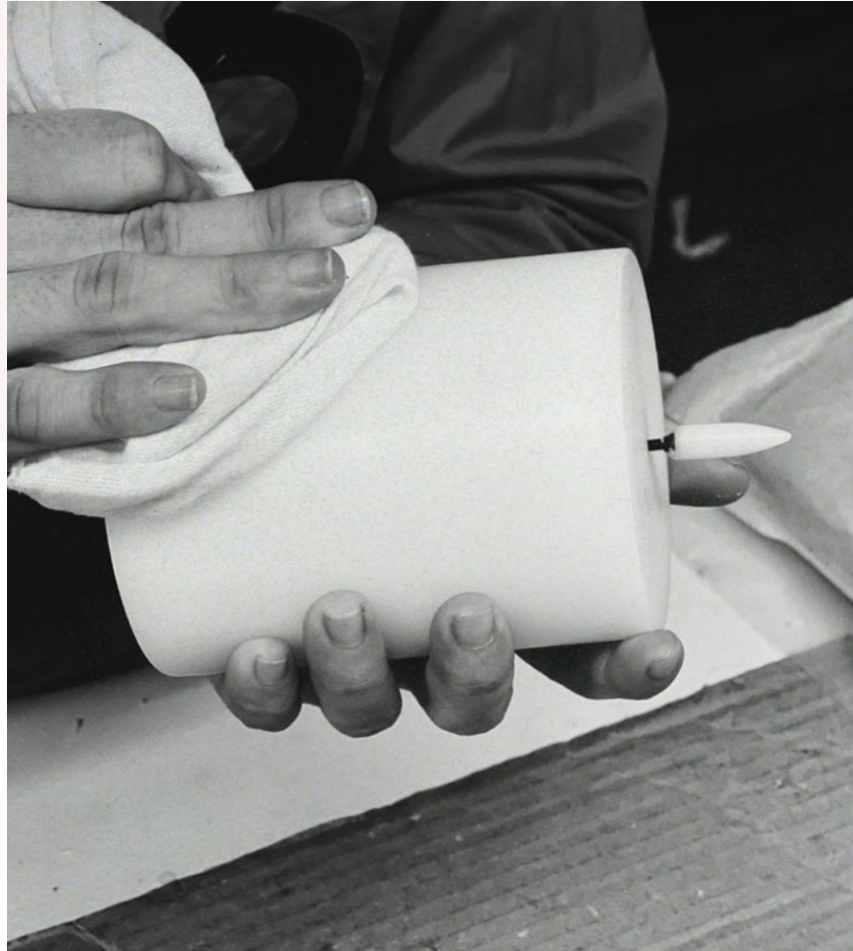

Beyond their mesmerizing glow, Uyuni Lighting candles offer you a sanctuary, a haven free from any harmful emissions. With utmost care and dedication, we have

created a product that not only enchants the senses but also prioritizes your safety and well-being.

Our products are meticulously handcrafted using premium materials and equipped with state-of-the-art technology, ensuring the creation of an LED candle that we believe surpasses all others.

This Spring, we present some brand new colours, designs, and accessories, adding to our already abundant collection.

## Candlelight Convenience

Uyuni Candles are traditional in their aesthetic, luxurious to the touch, and innovative in their mechanics. Not only is the 3D flame a first-of-its-kind, but Uyuni Candles offer a practicality that sets them apart; with remote control functionality allowing the user to turn each candle on and off from a distance or dim to their desire.

Adding to the technological convenience, our candles won't melt down, spill hot wax or blow out in a breeze, enabling you to use them in unique spaces that traditional wick candles wouldn't allow for.

## A Handcrafted Experience

We are proud of the process by which our candles are made. Our skilled team handcrafts each individual candle using virgin paraffin wax. This is an organic material with natural properties. As such, each candle is beautifully unique.

We take extra care in the process of creating our pieces, so please do so too. Enjoy!

## Reflect Radiance

The Uyuni Lighting Melted Candle collection imitates the genuine look of a candle's melt-pool, creating a remarkably authentic atmosphere. The soothing, lifelike effect adds depth and character to your decor, setting the stage for relaxation and serenity. Our Melted Candle Collection boasts three new captivating colours for this Spring allowing you to personalise your ambience. Choose from the new Light Lavender, Dusty Green or Wheat Yellow, or the existing range of neutral colours to perfectly match your decor or mood.

## Uyuni Candle Features

Each candle is meticulously handcrafted from virgin paraffin wax\*, ensuring unmatched quality and elegance. Featuring our superior patented 3D flame technology\*\*, these candles emit a captivating warm-white glow that fills your space with the enchantment of authentic candlelight. With three dimmer positions, you have complete control over the ambience.

Our candles offer multiple timer options, ranging from 4 to 10 hours, allowing you to set the perfect duration for any occasion. With the convenient on/off control for all candles at once, you can effortlessly create a serene ambience with a single touch. Harness the convenience of our remote control functionality, effortlessly adjusting the glow and settings from anywhere in the room.

Significant advancements have been made to battery life, with our new outdoor pillars with D batteries now lasting approximately 2500 hours - that's an entire year when used on a timer for 6 hours per day! Pillar candles last approximately 1000 hours with C batteries, and tealights last approximately 400 hours with CR2477 batteries.

Explore our product list at the back of the catalogue to discover the full range of candles, ensuring you find the ideal match for your taste and needs.

\* Excludes some Tealight Candles, Outdoor Collection and Christmas Mini Tapers

\*\* Piffany Copenhagen has different patents for our Uyuni candles  
For more information please see [www.uynilighting.com/faq](http://www.uynilighting.com/faq)

## Recreation Remastered

Discover our reengineered Outdoor Pillar Candles, meticulously crafted to elevate and extend your outdoor experience. Crafted with durability in mind, these pillars have enhanced battery performance, ensuring a captivating alfresco atmosphere that endures throughout the seasons. With the new Outdoor Pillar Candles powered by D batteries you can enjoy approximately 2500 hours of candlelight!

## Made for the Outdoors

Splashproof, wind resistant and UV protected. It's safe to say that our collection of Outdoor Candles can handle mother nature. They're tough against the elements but still beautiful to look at and delightfully easy to use, with a convenient remote control and, the new collection with D batteries, have approximately 2500 hours of battery life.

The Outdoor Lantern is a modern take on the traditional, rustic lantern and brings an alfresco feel to your entertaining.

A hardened glass dome cover adds a contemporary aesthetic to this outdoor lantern. Dimmable lighting, remote control functionality, hours of warm candlelight, and a realistic cutting-edge 3D LED flame that gently flickers and offers you safe, effective, user-friendly lighting.

Three stylish and versatile accessories are sold separately, to complement and enhance your Outdoor Lantern.

## Slimline Sophistication

The exquisite Uyuni Lighting Slim Tapers have been meticulously crafted so that they gracefully taper towards the top, giving them an elegant and sophisticated appearance. In our Slim Taper collection, you'll now find 5 captivating new shades to enhance your choices.

## Captivating Colours

There's no time like the months of spring for pops of colour. Discover the latest captivating array of colours across the Uyuni Lighting collection. With a spectrum of shades, you'll find something suitable for every season, preference, and living space. Dive into our categories at the end of the catalogue to explore the exciting additions of fresh colours.

## Marble Marvel

Crafted from luxurious, genuine marble, the incredibly versatile Marble Lantern was cleverly designed to accommodate three different types of candles depending on your needs and taste. The Marble Lantern features a detachable glass hurricane which magnifies the ambience and the play of light. The Marble Lantern is finished with a sophisticated brass-coloured rim, providing a timeless and elegant touch.

On the one side, the Marble Lantern fits a Tealight Candle (Ø4cm), and on the other side there is space for either a Maxi Tealight Candle (Ø6,1cm) or a Mini Pillar with a diameter of up to Ø6cm.

## Set the Mood, Anywhere

The Uyuni range is brilliantly versatile. With endless opportunities in hospitality, events, and beyond. Our cutting-edge 3D LED flames now offer hours and hours of warm and realistic candlelight, wherever you choose to use them.

Dimmable lighting, remote control functionality, and advanced flame technology. Uyuni offers you safe, effective, user-friendly lighting.

## The Glow of Glass

Introducing the latest Uyuni Lighting innovation - the Glass Candle. Immerse yourself in the warmth and tranquility of this remarkably lifelike LED candle, elegantly encased in a glass vessel. The glass beautifully reflects the dancing glow of the realistic flame, casting a soothing ambience that effortlessly transforms any room into a haven of comfort and serenity. Experience the magic of candlelight without the worry of an open flame or hot glass, let the Glass Candle illuminate your space with a genuine, homely charm. The new Glass Candle is available in a range of natural colours.

## The Highlight of Winter

Transform the ambience in your home with the Uyuni Lighting Christmas collection. With an array of festive colours, shapes and styles, our range of handcrafted Christmas Candles brings the perfect cheer to your home, your table, and your tree. Decorate your Christmas table with gorgeous Taper Candles, now also available in a variety of Christmas hues. Enjoy the rustic texture and festive pop of colour with our Coloured Pillar Candles, or complement the season with Christmas tree shaped candles.

 1,5V, 17.000 mAh  
 (2-pack)

## PLEASE NOTE

- All candles' height dimensions exclude the 2,8cm LED Flame
- We recommend using Uyuni Lighting batteries for optimal performance
- As all our wax candles are handmade, each of them should be considered unique. Consequently, slight variations in colour and structure may occur
- Wax candles are always receptive to subtle surface marks, which are more visible on coloured candles.
- The candles with wax should not be stored or used at temperatures lower than 1°C or above 35°C
- The Uyuni Outdoor Candles should not be stored or used at temperatures lower than -10°C or above 40°C
- Information in this catalogue is subject to change without notice
