## Collaborations

In recent years we have worked on many successful licensing deals with clients including the Royal Opera House and Wildfowl & Wetlands Trust.

Usually, a combination of bespoke creation and licensing deals, these projects allow both Clockwork Soldier and the partner client to sell the product.

## Bespoke

Alongside developing our own range of exciting products, we also work with organisations, charities, and publishers throughout the year. We work with them to create unique products or even complete product ranges, specifically for them and their customers.

### Citygami/ Prestel Publishing

Architectural pop-up book range created for Prestel - Random House. Citygami London won Gift of The Year 2018, stationery category. Sold exclusively by Prestel Publishing.

### Chester Zoo

A range of interactive kits for Chester Zoo. Create your own Giraffe House and Create your own Zookeeper's Truck. Fully developed by our team from concept stage to manufacturing. Sold exclusively by Chester Zoo.

## Age Range

All our products highlight the recommended age group on the back of the packaging.

We focus on creating exciting kits suitable for three main age ranges:

3+ years, 5-9 years and 7-107 years!

## Sustainability

### Eco-Friendly

Most of our products are plastic-free and we're working on becoming fully plastic-free. We are always looking at ways we can make our products more eco-friendly.

### FSC® Certified

Our products are FSC (Forest Stewardship Council®) certified.

The mark of responsible forestry  
FSC® C004309

The FSC® logo on the back of our packs means you can be certain the product is made from paper and card, that is recycled or sourced from sustainably managed forests. FSC® certified products available upon request.

## Activity Sheets

Many of our kits include fun and educational activities. These sheets are designed to make our kits last even longer, with a bit of learning along the way.

**Clockwork Soldier specialises in paper activities and craft kits.**

**Inspired by nostalgia, we create fun and challenging projects that entertain children and adults alike.**

Travel to the moon, enter a magical world, or roam the earth as dinosaurs. Our products encourage creativity through learning and fun. With our kits and a little imagination children can do almost anything.

Each kit contains a project to build or create, something to use, play with or display. They also include engaging activities and interesting facts to learn along the way. Educational icons on the back of our packs show the learning benefits of each product.

Our impact on the environment is very important to us, so we use FSC® certified paper and card. We also design for minimal waste with many of our kits using only a single piece of card for both packaging and product.
