Easy Scoop Berry Picker Fruit Harvester CKB-BFPGREEN

Quick and Easy!! Our Berry Picker can be used to collect Blackberries, Redcurrants, Blueberries, Loganberries, Blackcurrants, Raspberries etc. and more. Used with care the plants/bushes will receive minimal damage using the Berry Picker, assuring a good yield the following year.

Metal Combs

As you scoop through berry bushes the 9 metal combs have enough space between them to let the leaves and branches pass through. The berries however will not, so end up inside the Berry Picker.

Stopper Plate

To stop the contents falling back out of the picker, a plate is angled across the opening which acts as a dam.

To empty the picker, simply turn it upside down angled with the opening downwards and give it a gentle shake.

Features:

- Easily pick and collect berries.
- Simply scoop through hedgerows to collect Berries from branches.
- Also works for dead heading.
- The metal comb lets the leaves / branches pass through, But berries will not and will end up inside the berry picker.
- The 'stopper plate' stops the contents from falling out.

Product Details:

Material: Plastic and Metal.
Dimensions: 22.5cm (L) x 14cm (W) x 13.5 (H).

Metal Combs for filtering Berries.
 Durable body.

Wooden/Bark Bird Nesting House CKB-YLN6015S

The 30mm hole and the size of the box are suitable for a variety of small birds to nest inside roost in the winter.

Attract wild birds to your garden with this bird box made from barked wood that looks great in natural or modern surroundings.

Nest boxes with a hole are preferred by different types of tits and sparrows. In rural areas, there is a huge shortage of safe natural nesting places for birds.

Material: Firwood/Pine Wood and Acetate.
Dimensions: 16 x 14 x 20cm.

2-in1 Wooden Squirrel Feeder / Bird Box GKB-YLP13045

Attract wild birds or squirrels to your garden with this 2-in-1 Bird box and squirrel feeder that looks great in natural or modern surroundings.

In rural areas, there is a huge shortage of safe natural nesting places for birds.

We can all help with this by putting up nesting boxes and encourage them to breed near your home.

Option 1: Squirrel Feeder

For squirrels: Open the large hatch and close the rear round opening. It holds around 750g of peanuts, but you can fill it with other foods they like.

Features:

Material: Firwood/Pine Wood and Acetate.

Product Size: 16 x 10 x 16cm.

Option 2: Bird Nesting Box

For use as a Bird box: Close the hatch door and open round opening. The 25mm hole and the size of the box is suitable for a variety of small birds

Wooden Hedgehog Shelter House CKB-YLP13045

In the Autumn hedgehogs will find a place to hibernate and start to collect leaves, grass etc. to build their nest.

If you love to see hedgehogs in your garden then this is the product for you.

Gives your garden hedgehog a safe place to hibernate.

Finding a safe and warm sheltered place to hibernate through the winter is of vital importance for hedgehogs. This shelter will also help protect hedgehogs from Badgers and Foxes although it is rare for them to be preyed on.

Features:

Natural wooden hedgehog house with a firwood bark roof.

Name plaque for writing a name.

Double-depth of a normal size hedgehog house.

Material: Firwood/Pine Wood.

Product Size: 33.5 x 34 x 19cm.

Wooden Bat House Shelter CKB-YLK1140

Help with the bat decline by giving them a safe place to rest and hibernate.

For the best success of a bat accommodating the box, it should be at least 4 metres from the ground and on or around trees. Bats are nocturnal and adapted to low light conditions, so it is important to hang it away from artificial light.

Bats habitats are being damaged and destroyed all the time. Finding food to eat and roosting places are becoming harder for bats. With these bat shelters, you can help by giving them a safe place to roost or hibernate.

Features:

Backboard with gutters to help the bat climb up inside the shelter.

The rear board has a slot hole for easy hanging from a nail or screw.

Natural-looking and weather resistant,

Material: Firwood/Pine Wood.

Dimensions: 30.5 x 6.5 x 46.5cm.

Natural Wood Bark Insect / Bug / Bee Hotels

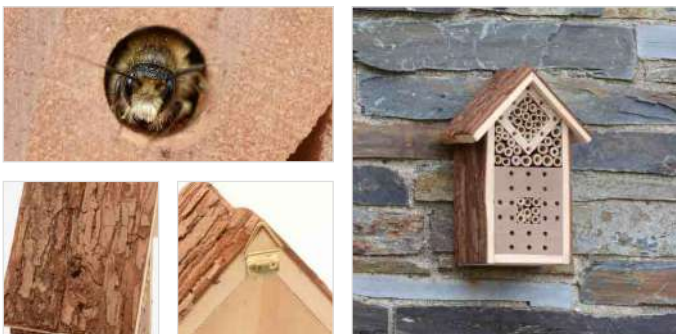

Bugs are a vital part of the eco-system and each has its own special requirement when finding a place to live. With these bug hotels, you will give a safe place for insects to hibernate and lay their eggs.

Gives your garden insects a safe hideaway.

These ready-made bug hotels (also known as a wildlife hotel or stack) will provide a safe place for hibernating solitary bees and wasps. Lacewings and ladybirds will also benefit from a warm sheltered place to hide throughout the winter. Which are very important for keeping the numbers of aphids down in your garden.

Where to place the bug hotels.

Try to place a hotel in a sheltered area, away from very wet areas. Insects will benefit from living somewhere slightly damp where a bit of mould can grow. You can either hang from a screw/nail or stand the tower on a flat sturdy surface away from strong winds.

Small Insect Hotel

SKU: CKB-YLK1205
Material: Firwood/Pine Wood and Bamboo.
Product Size: 30 x 10 x 39cm.

Large Insect Hotel

SKU: CKB-YLK1015
Material: Firwood/Pine Wood, Bamboo, Pine Cones, Metal Mesh.
Product Size: 16 x 9 x 23cm.

What type of insects will use each part of the hotel?

Pine Cones are a great perfect safe place for Ladybirds who are always looking for a safe space to lay their eggs or hibernate over winter. The wire mesh will help stop predators such as dragonflies, larger spiders frogs and wasps from eating the ladybugs.

Bamboo tubes make a perfect place for Solitary bees to the hollow inside and make a nest. Female Bees fill the cane with pollen, they will then lay an egg onto it and seals the entrance with mud. A Bee will occupy one of these tubes for up to 9 months, from an egg then to larvae and finally to a bee when it will leave the tube.

The centre slot is for butterflies and moths to hibernate inside safely.

Snug-Rug® Eskimo Hoodie Blanket

You won't be afraid of the cold inside or out, it is the extra cosy layer of warmth you have always dreamed of. Being over-sized, it easily fits over the top of your normal clothing. Stay warm in Arctic conditions.

Snug-Rug® Eskimo Hoodie Blanket

Eskimos live in some of the coldest conditions known to man, they keep warm by wearing layers of fur. We all use blankets to stay warm or if outside similar to Eskimos we use a thick layered hooded coat.

The problem with a blanket is freedom of movement and there is always a cold spot unless you completely wrap yourself up.

Inspired by Eskimo clothing, we decided to make a modern twist on how they keep warm and created the Snug-Rug® Eskimo™ Sherpa Fleece Hoodie Blanket! Using modern man-made heat retaining fabrics and some extra key features we've made this unbelievably warm over-sized hoodie blanket that's usable anywhere!

Features:

Thumb-hole cuffs, pouch pocket and faux fur hood.

Magnetic Fridge Boards

Hard wearing, easy to clean and great for reminders, notices or memos

Within our range of Magnetic Boards, there are 3 main types

Planners

These boards are perfect for everyone's plans to be seen, as the best place for the magnetic boards to be placed is on the fridge where everyone goes to or passes on a regular basis. These planners range from daily, to shopping and even diet planners which is great as the fridge is close by and it will stay clean!

Memos

Available in A4, A3 and colour, these boards are universal and have so many uses. These work great on the fridge for the whole family to use and leave messages for one another. Also, they're a great way to show a special offer, if you have a metal surface you can stick it to, like the side of a van.

Reward / Chore Charts

Inspire good behaviour in children with our selection of Reward Charts. Each reward chart comes with the 3 pack of colour whiteboard pens, to make using these boards as fun as possible for your child.

Health and Fitness

Fitness Mobility

Mobility is strength in the range of motion of the muscle.

The difference between mobility and flexibility is that with mobility you have control over the range of motion. For example, you are probably able to lift your leg relatively high with the assistance of your arms. **That's flexibility**

Mobility is when you are able to control the entire range of motion of the leg with just the leg muscles: you don't need assistance to lift the leg up.

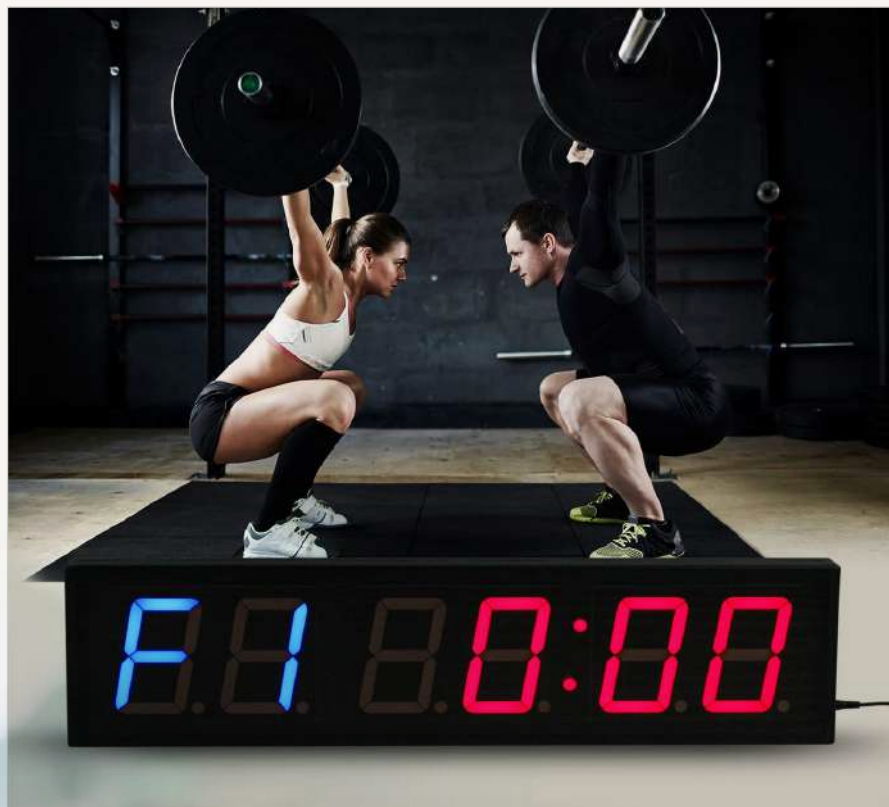

With the Fitness Mobility range you will maximize your progress in anything you do whether it's increasing the size of your muscles, building strength or developing movement skills.

Zen Yoga Cork Blocks

Zen Yoga "The art of a free mind"®

Zen Yoga Cork Blocks are made out of 100% natural cork.

With the use of our cork blocks, yoga is much more of an accessible type of exercise for those experiencing any physical limitations such as injury.

By adding height yoga blocks/bricks help to support and stabilise weight during balancing poses.

The yoga block is stable on each of its sides, so can be placed at different height positions to accommodate for more or less support.

The 'Onda' shaped block compared to the 'Standard' has more of a curved shape and features 2 concaves on 2 sides for more comfortable support of arms and legs.

Cork Block (Standard)

Physically demanding poses seen in yoga can be daunting to a novice. Our yoga block is a great little helper in assisting many yoga positions.

Our cork yoga block helps the user to gain extra support to their hips, neck, arms and back to help improve balance, strength and posture.

SKU: CKB-YOGA2
Block Size: 23 x 12 x 7.5cm.

Wine Bottle Bike Caddy (Real Leather) (Holds 75cl Bottles) CKB-BWC1

This bicycle wine caddy made from Leather is ideal for taking a bottle of wine with you on the go.

With this vintage style leather wine caddy, carrying a glass bottle of wine on a bicycle has never been so simple. No more 1 handed cycling or underarm holding of that bottle of wine you grabbed unexpectedly on the way home.

The wine caddy is not only practical but it looks stylish too.

If you know anyone who likes wine and rides a bike, this is definitely a gift for them!

The wine caddy can stay attached to your bike at all times as it is lightweight and weather resistant.

Due to its permeable nature, leather is naturally waterproof, especially if treated.

If you enjoy a summer afternoon countryside bike ride with a picnic and a bottle of wine.

The caddy will give you that extra bit space in your backpack, and make your pack lighter.

A perfect accessory to enjoy wine on the go. Just please stay within the drinking limits whilst cycling and stay sensible.

Features:

- Simply to mount.
- Ideal for picnics.
- The carrier is compatible with 750ml wine bottles.
- 100% tanned leather with quality metal studs and buckles.
- It will fit any bike frame with a tube diameter up to 45mm.
- Adjustable by 2 fastener positions, to fit different frame diameters.

Product Details:

Material: Leather with metal studs and buckles.

Dimensions: Approximately 23cm x 9cm.

Please Note: The caddy will fit most style bike frames, but if the bike has a very slanted top tube, this will result in the wine bottle sliding towards and hitting the seat tube of the bike.
