China Petals - Where Creativity Blooms

WHOLESALE SPRING/SUMMER 2024

Who is China Petals?

China Petals is a business that is passionate about mosaic and bringing this ancient art to homes across the country in an easy to achieve format.

Hi, I'm Diane, a mosaic artist that believes that everyone can create art. I design mosaic kits for beginners enabling anyone to create a mosaic they would be proud to own.

Each mosaic craft kit is put together in the UK and comes with a colourful step by step instruction booklet, 'how to' video and everything needed to create the mosaic featured on the box, including glue, grout and protective gloves!

Due to small parts and powdered grout the kits have an age suitability of over 12s but younger children would be able to make our mosaics with adult supervision.

Current best sellers are the **Forget-Me-Not Heart kit**, **Sunshine Birdie kit** and the **Beach Hut kit**. The **Heart Of Flowers kit** has also been popular since it was introduced September 23.

What's New

If you follow China Petals on social media (why wouldn't you?) you may have seen that the brand was refreshed in 2023. A new logo and brighter colours reflect that the brand is fun, exciting and mosaic is a brilliant craft to do.

The outer styling of the box is similar at first glance, retaining the stripes that are associated with the brand. However, the background of the box sleeve now features a triangle pattern that runs across the range, adding a variety of colour. The inside of the box continues this trend, with a colourful triangle-patterned paper liner and colourful paper bags replacing the previous grey ones. This gives the unboxing experience a more exciting and joyful feel.

The Ashmolean Collection

The Ashmolean Museum, in Oxford, is the oldest public museum in the world opening in 1683. I was honoured to be approached by the museum to create a small range of mosaic kits inspired by their exhibits. It was a fascinating project to be involved in and has produced 3 wonderful kits to the China Petals range. Each kit features the Ashmolean Museum logo as well as information about the exhibit that the kit was inspired by. These kits include:

- **Ashmolean Butterfly** - a fabulous kit containing over 200 tiles ideal for those who have tried mosaic before or confident beginner
- **Flower Coasters** - make a pair of coasters with brilliant white tiles and navy blue grout
- **Bo Zhong Rainbow** - an outdoor mosaic which features colourful orange backing and fabulous different shaped glass tiles.

Other New Kits

As well as the Ashmolean collection 2 more kits have been added to the range.

- **Little Robin** - smaller than the Sunshine Birdie this kit is easy to make and would be a great compliment to your existing range at any time of the year.
- **Heart Of Flowers** - bright and colourful with fabulous ceramic tiles and the perfect solution for anyone looking for a crafty gift.

**If you have any questions please get in touch, I am always happy to help.
I welcome your feedback on the new kits too**
