BEXY BOO

BE KIND TO OUR PLANET

We have been working hard at Bexy Boo to be more environmentally aware and work towards a more sustainable future for us all.

Each card that you have received today has been digitally printed in the UK on FSC sustainable board, hand finished, cello wrapped and packed for dispatch by a lovely team of people who care very much.

Each order is made specifically for you from print to finish to cello wrapping to packing. Because of this it will take approx 6 working days to arrive with you.

We do it this way for lots of reasons:

- * We only print what we need: No waste
- * The Digital indigo HP printers we use are following recycling, recovery and reuse programmes which are continually being developed and expanded.

- * We only use paper from the UK which originates from FSC certified forests or from recycled waste.
- * Everything is under one roof so reducing the carbon footprint.

Your patience in waiting for your order is helping us to save this wonderful planet of ours, so a BIG thank you from Bexy Boo x

PACKING OPTIONS

Our packing options are as follows:

Each card sent within the UK will be packed with either a compostable cello or card clasp. It is noted at the end of each range in this catalogue

However, please let us know if you would to change this. The options are a compostable cello, card clasp or 'naked'.

All are available at no extra cost to you.
