Jiangxi Province China

ABOUT US

>>> Supply Chain Management

L&L Resource Limited is a UK – based supply chain management company. The founder has full experience of being the “go-to source” for household consumer goods manufacturing for western brands and retailers. We will provide raw material sourcing, manufacturing and quality control services. L&L's China based factory mainly produces bamboo and wooden kitchenware. Due to the Internet and the rise of e-commerce, L&L's UK based warehouse provides fulfilment and drop-ship services for the wholesalers and e-shop retailers.

We noticed that quite a few companies offer either only available at luxury prices, restricted on brands or low-quality products to the market. We wanted to change and bring quality to all budgets in all walks of life. That is what L&L Resource believes.

The world is not a place where we buy and sell things. Actually it could be a place to make our dreams come true. We could build a better world together while standing for respect for people and environment, social improvement, environmentalism, and sustainability. That is the vision of L&L Resource Limited.
