Fancey by Nature

Fancey by Nature is an exciting new home decor brand by Jackie and Miles Negus-Fancey. The husband-and-wife team from Cheshire have created unique, fresh artworks which have a touch of nostalgia. This stunning collection is influenced by the natural world around us and it is both sophisticated and playful.

Jackie - I have always had a passion for interiors and pattern. For the past 20 years I have worked in the commercial and private sector designing bespoke artworks and wallpaper.

Miles - I have had over 30 years' experience as a decorative artist, working on many prestigious projects in the UK and across Europe.

We have always wanted to create our own collection of art prints and home decor, and in 2021 we launched Fancey by Nature. Together we have combined our skills to create artworks which we hope will inspire and delight you.
