What does the OKTO sell?

OKTO sells TIME

Time for yourself, time for creativity, time for development, for relaxation, for self-realisation - embodied in hobby and modeling sets Sensory Art.

What does SENSORY ART mean?

Sensory Art – it is art and creativity realised through the process of sculpting.

Who are OKTO customers?

CREATIVE ADULTS,

artists who have a need to try new hobbies

TEENAGERS 10+

looking for self-realisation, who want to try and see how will I manage to do that

CHILDREN 5+

in order to develop the children's creative individuality and spend time together

... just touch

Products by the age

- 1+** motory and sensory skills development
- 3+** development of children's individual fantasy through sensory sculpting

- 5+** creating new children's universe through sensory sculpting
- 8+** creative self-expression
- 12+** hobby and antistress

What does OKTO say?

- Our fantasies are unique
- I will not follow instructions
- Create without any limits
- Wow, I want to do this!

Why do our customers buy OKTO?

- ✓ As a gift
- ✓ Your hobby
- ✓ Time for relaxation

“ In our crazy world, to be sometimes with yourself and understand what you really want, there must be a time when you can listen to your thoughts and desires in silence.

That is why we created these kits for creativity, which give “time for yourself” and the opportunity not to doubt your abilities.

”

**You can do more than you think,
JUST TOUCH ...**

Sincerely,
the founder of the OKTO company
